- Government financing agencies
- Central bank,
- Commercial banks,
- Mortgage companies,
- Credit unions
- Insurance companies
- **Building societies** - A building society is a type of financial institution that provides banking and other financial services to its members. Building societies resemble credit unions in that they are owned entirely by their members.

The bank pays a percentage to the depositor as interest or gain on the deposit. In essence they borrow a surplus of funds to lend to those who are experiencing a shortage.

Role of Financial Institutions
