**House of the People** Ronojoy Sen,2023-02-16 An institutional history of Indian parliament democracy and politics combining archival materials interviews and visuals *Judges of the Supreme Court of India* George H. Gadbois, Jr,2011-05-02 Despite the critical role played by the Supreme Court of India the lives of the judges have never been studied before This seminal book presents biographical essays for each of the first ninety three judges who served on the Court from 1950 through mid 1989 The essays in the book are based on interviews the author conducted with sixty four of the sixty eight judges who were alive in the 1980s and on meetings and correspondence with family members or relatives friends and associates of the deceased judges An attempt is made to account for why certain judges rather than others were chosen the selection criteria employed and to the extent possible in a secretive selection environment to identify those who selected them It concludes with a collective portrait of these judges paying particular attention to changes in their background characteristics fathers occupation education pre SCI career caste religion state of birth and region over four decades The essays also embrace their post retirement activities **The Informal Constitution** Abhinav Chandrachud,2020-11-30 Enacted for historical reasons on 26 January 1950 the Constitution of India provided that the Supreme Court of India situated in New Delhi was to have one Chief Justice of India and not more than seven judges Today the Court has 33 judges in addition to the Chief Justice of India But who are these judges and where did they come from Its central thesis is that despite all established formal constitutional requirements there are three informal criteria which are used for appointing judges to the Supreme Court age seniority and diversity The author examines debates surrounding the Indian judicial system since the institution of the federal court during the British Raj This leads to a study of the political developments that resulted in the present collegium system of appointing judges to the Supreme Court of India Based on more than two dozen interviews personally conducted by the author with former judges of the Supreme Court of India this book uniquely brings to the fore the unwritten criteria that have determined the selection of judges to the highest court of law in this country for over six decades *Book University Journal* ,1984 **India's Finance Ministers** A.K. Quaid-i-Azam Mohammad Ali Jinnah S. M. Burke, Salim al-Din Quraishi, 1997 That Quaid i Azam Mohammad Ali Jinnah won Pakistan against impossible odds is well known but the real reasons for Jinnah's successes are not widely recognized The suspicion lingers that his policies were communal and negative and that Pakistan was a mistake The reason for this is that the critics of Pakistan have written more voluminously and powerfully than its defenders This book convincingly shows that it was Mahatma Gandhi who first introduced religion into politics This ultimately drove the Hindus and the Muslims irreconcilably apart and eventually convinced even Jinnah who had won the accolade of being the Ambassador of Hindu Muslim Unity that his dream of a united
