Science Experiments Children Advanced Strategies:

How Children Discover New Strategies Robert Siegler, Eric A. Jenkins, 2014-01-14 This well documented book divides the process of constructing new problem solving strategies into two parts discovery of the new strategy and its generalization to new contexts By using a trial by trial analysis the authors are able to identify the exact trial on which the new strategy is first used the circumstances that lead to the discovery and the generalization of the strategy beyond its initial use These observations disconfirm popular stereotypes of the discovery process and provide important insights into the nature of long term learning and strategy discovery

Handbook of Intelligence Robert J. Sternberg, 2000-03-13 Not since the landmark publication of Handbook of Human Intelligence in 1982 has the field of intelligence been more alive than it is today Spurred by the new developments in this rapidly expanding field Dr Sternberg has brought together a stellar list of contributors to provide a comprehensive broad and deeply thematic review of intelligence that will be accessible to both scholar and student The field of intelligence is lively on many fronts and this volume provides full coverage on topics such as behavior genetic models evolutionary models cognitive models emotional intelligence practical intelligence and group difference Handbook of Intelligence is largely expanded covering areas such as animal and artificial intelligence as well as human intelligence It fully reflects important theoretical progress made since the early 1980s
