

Chapter 8: Economic Development – Downtown Revitalization Instructions / Application

Downtown revitalization projects address prevention or elimination of slum and blight as their national objective, but a downtown revitalization is made up of much more than just infrastructure improvements. It's about creating or retaining the economic vitality in your downtown. Think of the downtown as a sense of place and as an outdoor mall. Therefore, the following ranking criteria look at the larger effort, rather than just the ICDBG project component.

- I. **Organization (75 points):** This criterion measures the strength and depth of local commitment to the revitalization effort and the narrative should describe how the community is actively organized to plan and implement the downtown revitalization process.
 - A. Describe the public visioning process for the downtown revitalization. The description should also explain how the process encouraged opportunity for all citizens to participate. Community engagement activities could include open houses, signage, website, social media, etc.

 - B. Who is providing the leadership for the downtown revitalization project?

 - C. Is there a downtown revitalization committee or stakeholder group (city personnel, small business owners, chamber of commerce, downtown association, volunteers) to provide feedback and guidance regarding the downtown revitalization and activities? If yes, explain their role and what they have accomplished.

 - D. What city staff has been dedicated to working on the downtown revitalization?
