e-HRM Mohan Thite, 2018-08-06 As with other parts of business technology, HR is having a profound effect on the world of work and management of human resources. Technology is a key enabler for faster, cheaper, and better delivery of HR services, and in some cases, can have a transformational as well as unintended negative effect. Designed for the digital era, *e-HRM* is one of the first textbooks on these developments. It incorporates the most current and important HR technology-related topics in four distinct parts under one umbrella, written by leading scholars and practitioners drawn from across the world. All the chapters have a uniform structure and pay equal attention to theory and practice with an applied focus. Learning resources of the book include chapter-wide learning objectives, case studies, debates on related burning issues, and the companion website includes lecture slides and a question bank.
