Responsive Web Design: Getting The New Baseline In Web Design Right Ben Gremillion, 2013

With the advent of responsive techniques, design patterns and off the shelf components, responsive Web design has become more than a technique but rather a new mindset that requires us all to rethink and extend our practices. Responsive design is also about performance, server side components, content strategy and conditional loading. With this eBook you will learn how to go from non responsive layouts to optimized responsive mobile experiences. We're happy to present techniques to help you overcome outdated practices and set new defaults in your workflow, a new responsive design workflow.
