**Rational Changes in Science**  
Joseph C. Pitt, Marcello Pera, 2012-12-06 THE PROBLEMS OF SCIENTIFIC RATIONALITY Fashion is a fickle mistress Only yesterday scientific rationality enjoyed considerable attention consideration and even reverence among philosophers but today s fashion leads us to despise it and the matron rejected and abandoned as Hecuba complains modo maxima rerum tot generis natisque potens nunc trahor exui inops to cite Kant for our purpose who cited Ovid for his Like every fashion ours also has its paradoxical aspects as John Watkins correctly reminds in an essay in this volume Enthusiasm for science was high among philosophers when significant scientific results were mostly a promise it declined when that promise became an

undeniable reality Nevertheless as with the decline of any fashion even the revolt against scientific rationality has some reasonable grounds If the taste of the philosophical community has changed so much it is not due to an incident or a whim This volume is not about the history of and reasons for this change Instead it provides a view of the new emerging image of scientific rationality in both its philosophical and historical aspects In particular the aim of the contributions gathered here is to focus on the concept around which the discussions about rationality have mostly taken place scientific change Machine Learning Adoption in Blockchain-Based Intelligent Manufacturing Om Prakash Jena, Sabyasachi Pramanik, Ahmed A. Elngar, 2022-06-22 This book looks at industry change patterns and innovations such as artificial intelligence machine learning big data analysis and blockchain support and efficiency technology that are speeding up industrial transformation industrial infrastructure biodiversity and productivity This book focuses on real world industrial applications and case studies to provide for a wider knowledge of intelligent manufacturing It also offers insights into manufacturing logistics and supply chain where systems have undergone an industrial transformation It discusses current research of machine learning along with blockchain techniques that can fill the gap between research and industrial exposure It goes on to cover the effects that the Fourth Industrial Revolution has on industrial infrastructures and looks at the current industry change patterns and innovations that are accelerating industrial transformation activities Researchers scholars and students from different countries will appreciate this book for its real world applications and knowledge acquisition This book targets manufacturers industry owners product developers scientists logistics and supply chain engineers Focuses on real world industrial applications and case studies to provide for a wider knowledge of intelligent manufacturing Offers insights into manufacturing logistics and supply chain where systems have undergone an industrial transformation Discusses current research of machine learning along with blockchain techniques that can fill the gap between research and industrial exposure Covers the effects that the 4th Industrial Revolution has on industrial infrastructures Looks at industry change patterns and innovations that are speeding up industrial transformation activities **Radiant Infrastructures** Rahul Mukherjee, 2020-03-27 In Radiant Infrastructures Rahul Mukherjee explores how the media coverage of nuclear power plants and cellular phone antennas in India what he calls radiant infrastructures creates environmental publics groups of activists scientists and policy makers who use media to influence public opinion In documentaries lifestyle television shows newspapers and Bollywood films and through other forms of media including radiation sensing technologies these publics articulate contesting views about the relationships between modernity wireless signals and nuclear power From testimonies of cancer patients who live close to cell towers to power plant operators working to contain information about radiation leaks and health risks discussions in the media show how radiant infrastructures are at once harbingers of optimism about India s development and emitters of potentially carcinogenic radiation In tracing these dynamics Mukherjee expands understandings of the relationship between media and infrastructure and how people make sense of their everyday encounters with

technology and the environment      **Science Reporter** ,1993      **Asian Religions, Technology and Science** István Keul,2015-03-27 Over the past five decades the field of religion and science scholarship has experienced a considerable expansion This volume explores the historical and contemporary perspectives of the relationship between religion technology and science with a focus on South and East Asia These three areas are not seen as monolithic entities but as discursive fields embedded in dynamic processes of cultural exchange and transformation Bridging these arenas of knowledge and practice traditionally seen as distinct and disconnected the book reflects on the ways of exploring the various dimensions of their interconnection Through its various chapters the collection provides an examination of the use of modern scientific concepts in the theologies of new religious organizations and challenges the traditional notions of space by Western scientific conceptions in the 19th century It looks at the synthesis of ritual elements and medical treatment in China and India and at new funeral practices in Japan It discusses the intersections between contemporary Western Buddhism modern technology and global culture and goes on to look at women s rights in contemporary Pakistani media Using case studies grounded in carefully delineated temporal and regional frameworks chapters are grouped in two sections one on religion and science and another on religion and technology Illustrating the manifold perspectives and the potential for further research and discussion this book is an important contribution to the studies of Asian Religion Science and Technology and Religion and Philosophy      Indian Science Abstracts ,1995      **The Educational Review** ,1973      Current Science ,1970      **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004      Dictionary of International Biography ,1998 A biographical record of contemporary achievement together with a key to the location of the original biographical notes      **Biographical Memoirs of Fellows of the Indian National Science Academy** Indian National Science Academy,1999      **National Union Catalog** ,1973 Includes entries for maps and atlases      **Books in Print** ,1991      **Indian Books in Print** ,2002      Indian National Bibliography ,2011-07      Indian Linguistics ,1995      **Indra Dhanush** S.
