Regression Modeling Strategies Frank E. Harrell, 2013-03-09 Many texts are excellent sources of knowledge about individual statistical tools but the art of data analysis is about choosing and using multiple tools Instead of presenting isolated techniques this text emphasizes problem solving strategies that address the many issues arising when developing multivariable models using real data and not standard textbook examples It includes imputation methods for dealing with missing data effectively methods for dealing with nonlinear relationships and for making the estimation of transformations a formal part of the modeling process methods for dealing with too many variables to analyze and not enough observations and powerful model validation techniques based on the bootstrap This text realistically deals with model uncertainty and its effects on inference to achieve safe data mining

Quantitative Methods in Corpus-Based Translation Studies

Michael P. Oakes, Meng Ji, 2012-03-20 This is a comprehensive guidebook to the quantitative methods needed for Corpus Based Translation Studies CBTS It provides a systematic description of the various statistical tests used in Corpus Linguistics which can be used in translation research In Part 1 Theoretical Explorations the interplay between quantitative and qualitative methodologies is explored Part 2 Essential Corpus Studies describes how to undertake quantitative studies with a suitable level of technical and relevant case studies Part 3 Quantitative Explorations of Literary Translations looks at translations of classic works by Cao Xueqin James Joyce and other authors Finally Part 4 on Translation Lexis uses a variety of techniques new to translation studies including multivariate analysis and game theory This book is aimed at students and researchers of corpus linguistics translation studies and quantitative linguistics It will significantly advance current translation studies in terms of methodological innovation and will fill in an important gap in the development of quantitative methods for interdisciplinary translation studies
