Modern Architecture and its Representation in Colonial Eritrea Sean Anderson,2016-03-03 Modern Architecture and its Representation in Colonial Eritrea offers a critical assessment of architecture and urbanism constructed in Eritrea during the Italian colonial period spanning from 1890 1941 Drawing together imperial projects modernist aesthetics and fascist motives the book examines how the merger of these three significant influences yielded a complex built environment that served to emulate if not redefine Italian colonial pursuits As Italy s colonia primogenita or first born colony

Eritrea and its capital Asmara not only bore witness to the emergence of politicized interiors and international expositions the colony became a vehicle that polarized issues of race and gender Exploring discourses of modernity in Africa this book moves between histories of architecture urbanism literature and media to describe how Eritrea and Asmara became a crucial fulcrum for Italy's ill fated pursuits in Ethiopia and other neighboring countries Consequently modern architecture inscribed Eritrean subjectivities while redefining technologies that affected constructions of the colonial interior Modern Architecture and its Representation in Colonial Eritrea demonstrates how architecture in Asmara reshaped the creation and reception of Italian East Africa
