Car-tastrophes George Fowler,2020-02-04 Automakers are as prone to turn out clunkers as politicians are to lie Their cars may be ugly misconceived badly built diabolical to drive ridiculously thirsty or just plain unreliable So which were the worst offenders of the past 20 years In this light hearted somewhat irreverent look at the world of cars journalists Honest John and George Fowler share their combined wealth of automotive experience to reveal what they consider to be the 80 worst car tastrophes of the past two decades Honest John wrote the motoring agony column at The Daily Telegraph for 20 years and now runs his own website reviewing cars and answering questions while George Fowler also known as Motormouth is Motoring Editor at The Daily Star No one is as qualified to dish out the dirt as these two If your car is or was remotely good then you won t find it in this book On the other hand if it s here don t expect any sympathy *U.S. Air Services* ,1922 Urban Transport XXI C.A. moment they became everyday products to the phase where consumers moved on to the next big thing They identify key patterns in how consumers adopt innovations and integrate these with marketing scholarship on how companies manage their customer base by attracting new customers keeping current customers satisfied and preventing customers from switching to competitors products and services In doing so the authors produce concrete models that powerfully predict how the marketplace will respond to innovations providing a much more authoritative way to estimate their potential monetary value as well as a framework for making it possible to achieve that value *New Mega Trends* S.
