organized in a user friendly format Preface Grammar is without a doubt one of the most daunting aspects of the English language an area riddled with complexities inconsistencies and contradictions It has also been in a state of flux for pretty much its entire existence For native speakers of English as well as for those learning it as a new language grammar presents a very serious challenge to speaking and writing both accurately and effectively Having a single reliable go to reference guide should therefore be indispensable to those trying to learn improve or perfect their speech or writing This book is that guide a clear unambiguous and comprehensive source of information that covers all the relevant topics of English grammar while still being easy to understand and enjoyable to read Every topic in the book has been broken down into basic units Each unit can be read and understood in its own right but throughout the book you will find cross references to other sections and chapters to help make it clear how all the pieces fit together If you're having trouble understanding something try going back or forward to other related topics in the book Finally it must be mentioned that because English is such a flexible inconsistent language the rules that are often bandied about are usually not rules at all but rather guides that reflect how the language is used Accordingly the guidelines contained within this book are just that guidelines They are not intended to provide constrictive or proscriptive rules that confine everyone to a particular way of speaking or writing Learning how the English language works will enhance your engagement with speech and writing every day from the books you read to the emails you write to the conversations you have with friends and strangers alike As such mastering grammar is not an exercise that is confined to the classroom While it is certainly important to learn the structures styles and rules that shape the language the key to truly learning English is to read and listen to the way people write and speak everyday from the most well known authors to the people you talk to on the bus Take the information you find in this book and carry it with you into the world P Herring *English for Everyone English Grammar Guide Practice Book* DK, 2019-06-06 PLEASE NOTE this is a replica of the print book and you will need paper and a pencil to complete the exercises Puzzled by past tenses Confused by comparatives This clearly structured and beautifully presented workbook includes grammar practice activities that make learning English grammar incredibly easy The English for Everyone English Grammar Guide Practice Book is an essential companion to the English for Everyone English Grammar Guide a comprehensive reference book that makes even the trickiest grammar rules clear and simple The Practice Book mirrors the unit by unit structure of the Grammar Guide Each Practice Book unit is full of carefully graded grammar exercises to drill and reinforce the grammar you have learned in the corresponding English Grammar Guide unit These exercises will help you build up your confidence and become more fluent giving you the chance to practise using the most important English grammar constructions again and again Ideal for learners at all levels and covering CEFR levels A1 to C1 the English for Everyone English Grammar Guide Practice Book presents basic beginner intermediate and advanced English grammar in one easy to navigate book Like all books in the innovative English for Everyone series it uses a visual learning method many of the exercises are accompanied by attractive illustrations

that put grammar practice points into context and give you visual cues to help you understand the exercises Whether you want to improve your grammar for work study travel or exams the English for Everyone Grammar Guide Practice Book offers you a simple way to learn English grammar remember it and use it with confidence Essentials of English Grammar L.
