Dear Friend and Subscriber

What you are about to read is a remarkably simple idea that can be worth thousands and thousands of dollars to you. It is a tested idea. Others are using it every day and now... it's your turn!

Listen: One of the very best ways to advertise your business is direct mail. When you use direct mail, it enables you to fire your advertising bullets with a rifle instead of a shotgun. In other words, it lets you "target" your market.

However, there is a drawback. You see, direct mail is very expensive. Right now, for example, the postage cost of mailing a 1-ounce, first-class letter is 22 cents. And soon, it's going to be 25 cents and more. And, when you use direct mail, there are many other expenses besides postage. For example, you've got to pay for printing, list rental, envelopes, folding, stuffing and sealing and so on.

What this all boils down to is it's going to cost you about 40 cents (or more) for every piece of direct mail advertising you send out, even if you mail bulk rate.
