[The Metail Economy: 6 Strategies for Transforming Your Business to Thrive in the Me-Centric Consumer Revolution](#) Joel Bines, 2022-01-25

Rethink, rebuild, and re-energize your relationship with every customer for ultimate success in today's Metail economy. Armed with computers, tablets, smartphones, and social media, today's consumers have revolted against the marketplace status quo, demanding a voice and sometimes a hand in the products they buy. These digitally empowered consumers have inverted the traditional power dynamics of retail into Metail. To put it simply, your customers are now in charge, and you must recognize and embrace this fact in order to survive in the new Metail economy.

From Joel Bines, one of today's top retail brand thought leaders, *The Metail Economy* provides innovative methods for connecting with the Me-centric consumer and shows how to thrive in this consumer revolution. Bines provides examples of companies that have failed to address the Metail paradigm, along with those that are on the right path, clearly illustrating how the traditional power dynamic has inverted and why it matters for business survival. Bines offers six proven models you can use to cultivate and serve highly informed and empowered customers in the Metail marketplace: Curation, Customization, Category Expertise, Cost Convenience, Community. Bines explains why you shouldn't pigeonhole your business into one model but rather develop a deep self-awareness about how your organization is viewed and valued by your customers and focus your efforts accordingly. Whether you're the CEO of a global organization or starting your own clothing boutique, you must become a Metailer, and this groundbreaking book will show you how.

Cultish Amanda Montell, 2021-06-15 THE NEW YORK TIMES BESTSELLER

One of those life-changing reads that makes you see or, in this case, hear the whole world differently. Megan Angelo, author of *Followers*. At times chilling, often funny, and always perceptive and cogent, *Cultish* is a bracing reminder that the scariest thing about cults is that you don't realize you're in one until it's too late.

Refinery29.com: The New York Times bestselling author of *The Age of Magical Overthinking* and *Wordslut* analyzes the social science of cult influence: how cultish groups from Jonestown and Scientologists to SoulCycle and social media gurus use language as the ultimate form of power. What makes cults so intriguing and frightening? What makes them powerful? The reason why so many of us binge Manson documentaries by the dozen and fall down rabbit holes researching suburban moms gone QAnon is because we're looking for a satisfying explanation for what causes people to join and, more importantly, stay in extreme groups. We secretly want to know: could it happen to me? Amanda Montell's argument is that, on some level, it already has. Our culture tends to provide pretty flimsy answers to questions of cult influence, mostly having to do with vague talk of brainwashing. But the true answer has nothing

to do with freaky mind control wizardry or Kool Aid In Cultish Montell argues that the key to manufacturing intense ideology community and us them attitudes all comes down to language In both positive ways and shadowy ones cultish language is something we hear and are influenced by every single day Through juicy storytelling and cutting original research Montell exposes the verbal elements that make a wide spectrum of communities cultish revealing how they affect followers of groups as notorious as Heaven s Gate but also how they pervade our modern start ups Peloton leaderboards and Instagram feeds Incisive and darkly funny this enrapturing take on the curious social science of power and belief will make you hear the fanatical language of cultish everywhere

English Mechanics ,1928 *Glossier* Arpita Agnihotri,Saurabh Bhattacharya,2023 The case explains how the direct to consumer beauty company Glossier Inc Glossier leveraged beauty content written on founder Emily Weiss s blog Into the Gloss to develop beauty products Into the Gloss was a collaborative blog where women shared their beauty routines and products Weiss realized that the definition of beauty for ordinary women was not as prevalent in other cosmetic companies that showcased ideal skin through makeup In contrast Glossier customers believed in natural beauty Accordingly

Glossier developed beauty products ranging from skincare to fragrance and introduced the notion of confident beauty with low maintenance. Because Weiss emphasized natural beauty, she chose Grammy Award Winner Olivia Rodrigo, who believed in natural beauty and minimal makeup, as Glossier's celebrity endorser. However, Weiss was not transparent enough about the ingredients used in products, which ultimately sparked criticism. Another criticism was quality, and how Glossier's skincare products failed to work for women with unique skin types. Another concern for Weiss was pursuing further growth. What growth strategies can Weiss opt for? Is celebrity endorsement likely to be an inhibitor or a contributor to the growth strategy of Glossier?
