The Cognitive Artifacts of Designing Willemien Visser,2006-08-08 In this dynamic review and synthesis of empirical research and theoretical discussion of design as cognitive activity Willemien Visser reconciles and integrates the classical view of design as conceptualized by Herbert Simon s symbolic information processing approach with modern views of design such as the situativity approach as formulated by Donald Schon The author goes on to develop her own view on design in which design is most appropriately characterized as a construction of representations She lays the groundwork for the integration of design research and cognitive science This seemingly simple framework has implications that set the stage for this mutually beneficial integration **JavaScript Sourcebook** Gordon McComb,1996-08-03 The JavaScript SourceBook is a complete tutorial and reference for using JavaScript teaching developers how to create JavaScripts and integrate them into HTML pages With up to the minute tips on creating JavaScript applications that take full advantage of new features in

NetScape 3 0 the book explores JavaScript basics and features extensive discussions of advanced techniques including JavaScript workarounds and Java applet construction for JavaScript Includes CD ROM with A library of ready to use JavaScript Applications and routines plus a selection of reusable Java Components that readers can build into their JavaScript programs JavaScript allows programmers to build Web sites nearly as sophisticated as a Java Web site without having to do the actual programming This will enable non programmers to create Web sites with animation 3D graphics and more
