S Introduction To Documentary Third Edition Project:

Introduction to Documentary, Third Edition Bill Nichols, 2017-03-27 The third edition of Bill Nichols's best-selling text provides an up-to-date introduction to the most important issues in documentary history and criticism. A new chapter, "I Want to Make a Documentary: Where Do I Start," guides readers through the steps of planning and preproduction and includes an example of a project proposal for a film that went on to win awards at major festivals. Designed for students in any field that makes use of visual evidence and persuasive strategies, *Introduction to Documentary* identifies the genre's distinguishing qualities and teaches the viewer how to read documentary film. Each chapter takes up a discrete question, from "How did documentary filmmaking get started?" to "Why are ethical issues central to documentary filmmaking?" Here, Nichols has fully rewritten each chapter for greater clarity and ease of use, including revised discussions of earlier films and new commentary on dozens of recent films, from *The Cove* to *The Act of Killing* and from *Gasland* to *Restrepo*. **Applied Theatre, Third Edition**

Monica Prendergast, Juliana Saxton, Yasmine Kandil, 2024-02-20 *Applied Theatre* was the first collection to assist practitioners and students in developing critical frameworks for their own community-based theatrical projects. The editors draw on thirty case studies in applied theatre from fifteen countries, covering a wide range of disciplines from theatre studies to education, medicine, and law, and collect essential readings to provide a comprehensive survey of the field. Infused with a historical and theoretical overview of practical theatre, *Applied Theatre* offers clear developmental approaches and models for practical application. This third edition offers refreshed case studies from many countries worldwide that provide exemplars for the practice of applied theatre. The book will be useful to both instructors and students in its focus on providing clear introductory chapters that lay out the scope of the field, dozens of case studies in all areas of the field, and a new chapter on responses to the global pandemic of 2020. Also included is a new section on representation in its final chapter, looking at the issues of how we represent ourselves and others on stage. **Introduction to Documentary** Bill Nichols, 2010
