Wackman, 1975 **Encyclopedia of Human Relationships** Harry T. Reis, Susan Sprecher, 2009-03-15 Library Journal Best Reference 2009 An excellent gateway to further examination of any of the subdisciplines of relationship science or as a research tool in its own right Library Journal Relationships are fundamental to nearly all domains of human activity from birth to death When people participate in healthy satisfying relationships they live work and learn more effectively When relationships are distressed or dysfunctional people are less happy less healthy and less productive Few aspects of human

experience have as broad or as deep effects on our lives The Encyclopedia of Human Relationships offers an interdisciplinary view of all types of human associations friends lovers spouses roommates coworkers teammates parents and children cousins siblings acquaintances neighbors business associates and so forth Although each of these connections is unique in some respect they share a common core of principles and processes These three volumes provide a state of the art review of the extensive theories concepts and empirical findings about human relationships Key Features Compiles leading edge information about how people think feel and act toward each other Presents the best in the field authors who have contributed significant scientific knowledge about personal relationships over the past several decades Offers a diverse approach to relationship science with contributions from psychology sociology communication family studies anthropology physiology neuroscience history economics and legal studies Key Themes Cognitive Processes in Relationships Communication Processes Creating and Maintaining Closeness Dating Courtship and Marriage The Dark Side of Relationships Emotion Processes in Relationships Family Friendship and Caregiving in Adulthood Health and the Biology of Relationships Methods for Studying Relationships Personality and Individual Differences Prevention and Repair of Relationship Problems Psychological Processes Sexuality Social Context of Relationships Social Relations in Childhood and Adolescence Theoretical Approaches to Studying Relationships Types of Relationships Our relationships influence virtually all aspects of our everyday existence and are of deep interest to students researchers academics and laypeople alike This Encyclopedia is an invaluable addition to any academic or public library

Interpersonal Communication in Friend and Mate Relationships Anne Maydan Nicotera,1993-03-24 A concentration on communication processes is essential to sorting out fundamental problems in interpersonal relationships This book provides a general theory of the role of communication in interpersonal relationships that is grounded in the rules perspective and focuses on self concept and interaction as the generative mechanisms of relationship formation and growth The authors explore the kind of information that is exchanged in the process of initiating developing and maintaining friend and mate relationships Both types of relationships are explored in numerous cultural settings including America and American subcultures as well as Korea Nigeria Japan and China The inclusion of Nigerian culture is particularly significant because the research literature in interpersonal communication is lacking any information from the continent of Africa Implications are then considered for communication exchange across three categories of interpersonal communication culture conflict and quality

chapters address issues relevant to female and male differences in power dominance communication equality and expectations beliefs All chapter contributors share two commonalities First each provides a 1990s assessment of power and equality in female and male relationships Second each reviews respective programs of research and focuses attention on the relevance of this research to understanding the relationships of women and men Unique because it incorporates a multidisciplinary approach to the study of gender and the communication of power in human relationships this book includes the original work of intellectuals with national and international reputations in the social sciences The volume provides both scholastic breadth and centralized treatment of issues that form the very foundation of social and personal relationships It will appeal to scholars working in the disciplines of communication and psychology as well as other areas of social science research

**Helping and Human Relations: Practice and research** Robert R. Carkhuff, 1969 Communication in Personal Relationships Across Cultures William B. Gudykunst, Stella Ting-Toomey, Tsukasa Nishida, 1996-08-07 This innovative book contains studies of personal relationships from a variety of non western cultures and leaves behind the western biases that are typical of most research and theorizing done in this expanding area Chapters focus on personal communication practices in countries including Iran Brazil Mexico China Japan and Korea The editors cover the major theories that explain communication across cultures through both emic and etic approaches by examining how members of a culture understand their own communication and by comparing specific aspects of communication across cultures They also suggest areas for future research

**Interpersonal Communication** Pamela J. Kalbfleisch, 2013-09-13 Interpersonal relationships are the core of our societal system and have been since before the dawn of civilization In today s world friends lovers companions and confidants make valuable contributions to our everyday lives These are the relationships whose members are not automatically participants as a result of their birth and kin affiliations The focus is on these relationships that must be forged from the sometimes indifferent and sometimes hostile world Yet there is still much that is not known about how these relationships evolve how partners communicate in on going relationships how people keep their relationships together and how they cope when they fall apart Primary to the focus of this book is the underlying theme of evolving interpersonal relationships from the initial encounter to the mature alliance The contributors to this volume provide a contemporary perspective for the study of interpersonal relationships Fresh areas of scholarly inquiry are presented and existing approaches are re examined Research in the introductory chapters breaks new ground and appraises the ultimate question of what impact initial interactions have on further relational development The mid section of the volume concerns communication issues that confront the members of a relationship in process focusing on how conflict and jealousy are communicated to a relational partner This research considers relational development as well as obstacles and barriers to evolving relationships The concluding chapters probe the question Ultimately do all good things have to come to an end Employing innovative techniques to examine maturing and disengaging relationships the research presented here focuses on

how interpersonal relationships become committed and mature
