4. Objective of Research

The main aim of this project is to enhance the features of the current IP telephone used in the department. This will involve fixing certain features of the phone which are not suitable for our purposes such as improving the display. Encryption may also be added to the phone in conjunction with a master's student. Another feature the phone lacks is the ability to connect over a PPPoE network and this may also be rectified. The following needs to be researched in order to accomplish these objectives: What changes will have to be made to the interface (keypad and display)

Computer Science Research Proposal Example Paper:

Embracing the Song of Phrase: An Psychological Symphony within **Computer Science Research Proposal Example Paper**

In a world taken by screens and the ceaseless chatter of instantaneous communication, the melodic beauty and mental symphony developed by the published word often diminish in to the background, eclipsed by the persistent noise and disturbances that permeate our lives. But, set within the pages of **Computer Science Research Proposal Example Paper** a marvelous literary value filled with fresh thoughts, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, this captivating masterpiece conducts visitors on an emotional journey, skillfully unraveling the concealed melodies and profound impact resonating within each carefully constructed phrase. Within the depths of this moving review, we will explore the book is main harmonies, analyze its enthralling writing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
