Inquiry Researching Human Experience Holistically presents heuristic inquiry as a unique phenomenological experiential and relational approach to qualitative research that is also rigorous and evidence based Nevine Sultan describes a distinguishing perspective of this research that treats participants not as subjects of research but rather as co researchers in an exploratory process marked by genuineness and intersubjectivity Through the use of real life examples illustrating the various processes of heuristic research the book offers an understanding of heuristic inquiry that is straightforward and informal yet honors its creative intuitive and poly dimensional nature

Case Studies and Theory Development in the Social Sciences Alexander L. George,Andrew Bennett,2005-04-15 The use of case studies to build and test theories in political science and the other social sciences has increased in recent years Many scholars have argued that the social sciences rely too heavily on quantitative research and formal models and have attempted to develop and refine rigorous methods for using case studies This text presents a comprehensive analysis of research methods using case studies and examines the place of case studies in social science methodology It argues that case studies statistical methods and formal models are complementary rather than competitive The book explains how to design case study research that will produce results useful to policymakers and emphasizes the importance of developing policy relevant theories It offers three major contributions to case study methodology an emphasis on the importance of within case analysis a detailed discussion of process tracing and development of the concept of typological theories Case Studies and Theory Development in the Social Sciences will be particularly useful to graduate students and scholars in social science

methodology and the philosophy of science as well as to those designing new research projects and will contribute greatly to the broader debate about scientific methods
