Bikini My Body in 8 Weeks Alex Michael Betts, 2017-02-13 This book was inspired by my desire to offer easy to follow and effective workout and nutrition programs to help people get back on track and start to make healthy living a lifestyle rather than a chore Too many people start off their exercise regimens with the best of intentions but don't have a clear enough plan to follow Therefore no plan to stick to This 8 week program is designed for you to be able to sculpt your body and get in great shape without having to leave the comfort of your home or spend countless hours grinding away in the gym This is for ANYBODY from a newbie who has never exercised seriously before to a travelling executive who needs to squeeze a quick workout into an already hectic schedule These workouts are relatively short and sweet and are designed to boost your metabolism with the high intensity interval training HIIT and Excess Post Exercise Oxygen Consumption EPOC philosophies Psychologically it is also a lot easier to start a program when the workouts are very short you will barely notice the increase in duration as you progress In a nutshell you bust your ass for a short period of time and your metabolism rate will remain elevated for longer meaning you burn more FAT At first some may find it hard work so please don't push yourself to the point of passing out listen to your body and build up your stamina gradually if you NEED to rest after every exercise then do it but time your rest and try to reduce it gradually over the course of the program The nutrition aspect is very simple and only has 2 main rules to follow as far as food is concerned The less rules you have to follow the higher your chances of success There is also a tendency to throw too much at your body at first you end up burning out and falling off the wagon This program will build you up from the ground gently which will massively increase your chances of succeeding by sticking with the program There is a lot of confusion and misinformation when it

comes to diet and exercise I have made this program very easy to follow and applied rules that have proven to work time and time again This is a no gimmicks no nonsense plan This eBook contains the following information to ensure your success in the program 18 mins workout day for week 1 8 week easy to follow nutrition plan 4 complete home exercise routines 20 video links to home exercises 10 golden rules to secure your success ABOUT THE AUTHOR Alex Betts Founder of FitnessGuruSG com is passionate about health and fitness and enjoys seeing people make positive lifestyle changes to improve their well being Alex has helped transform hundreds of individuals to become healthier fitter and stronger physically and mentally At a young age Alex developed a fascination for the potential of the human body to be sculpted and to demonstrate strength confidence and power After seeing my body start to change shape and muscles appearing in places where I had never seen them before I was instantly hooked this became my wonderful obsession my therapy and kept me on the straight and narrow no matter what life threw at me Alex believes that there is so much more to training than vanity He believes it empowers people to take control of their lives and gives them a daily sense of accomplishment It also gives them a healthy awareness of how everything they do and consume directly affects their mind and body Alex earned his degree in Sports Exercise Science from the University of Leeds UK in 2005 He is also the President of Singapore Federation of Bodybuilding Fitness SFBF The SFBF is the only federation in Singapore recognized by the International Federation of Bodybuilding and Fitness IFBB organizers of world renowned fitness and bodybuilding competitions namely Joe Weider s Olympia Weekend and The Arnold Classic Sports Festival *Bikini Body 2.0* Robert Corapi,2012-10-01 This manual brings the reader through a step by step process explaining both diet and exercise in a way that s never been done before It shows the reader how to prepare season by season so the reader will look her best for the time of year that matters most Bikini Season **Bikini** Samantha Christie,2015-06-11 NEW UPDATED VERSION JUNE 2015 WITH FREE GIFT WORTH 9 99 INSIDE Amazon 1 Best Seller Download it Now Are you preparing for bikini competition Are you trying lean out to look like a figure model Download Ultimate Bikini Competition Prep Guide for Weight Loss and Diet and Learn Things Like Preparing your mind right for your bikini competition How you should approach your Training How you should prep your meals How to grab judges attention so you can get better score What to do on the competition day Much much more Scroll up and Click Buy now with 1 Click to Grab a Copy Today
