Conceived and compiled by the editors of Leadership journal, this book covers the full spectrum of ministry practice. Readers will learn about perennial topics such as time management, negotiating the terms of a call, handling crisis and conflict, hiring and managing staff, conducting special fund drives, spending church money, and dealing with tax and law considerations. It is geared toward training group management and youth development and will demonstrate how to effectively work with and lead games and play activities. Topics include basic concepts, enthusiasm, safety, presentation, maintaining the flow of play, closing a game session, game theory, leader roles, managing a large event, positive discipline, situational leadership, and transition activities. A variety of resources including books, magazines, equipment, and organizations are also provided. Focusing on more than just theory, The Leader's Handbook is a practical guide that shows leaders how to create fun with real people in real situations.

HE MOST COMMON QUESTIONS we receive from our members are a how do we lead and b how do we achieve results They are linked We often think about words like inspiring charismatic motivational energizing and visionary when we think of effective leaders A leader who is all of the above but does not lead their teams to success will not be a leader for long A new leader who can fire up their employees and make them feel like they are part of a world defining journey to save mankind will soon meet the inertia of failure without results No matter how inspiring a leader may appear to be if they do not get results soon the failure of the team and or employees in the marketplace will erase all enthusiasm Inspiration charisma motivation energy and vision are often but not always lead indicators of a successful leader Yet they are only a means to the end and the end is always being successful in achieving a business goal
