something quite magical about forming a connection to a book the way in which the words on the page can conjure feelings
of excitement fun joy laughter or tears channeling the part of our being that fundamentally makes us human The journey that
children take as they travel towards becoming a competent and confident reader can be a long winding and complex road
This book helps teachers understand how to build a quality reading rich curriculum that supports the needs of all the
children in their classroom Starting with a section on choosing texts the book goes on to explore a variety of essential
teaching approaches from a read aloud programme to drama and storytelling art and illustration This is a practical resource
that provides teachers and schools ideas to support the embedding of text experience and deliver a reading rich curriculum
that leads to higher student attainment and working at greater depth **Monsters of Film, Fiction, and Fable** Lisa
Wenger Bro, Mary Ann Gareis, Crystal O'Leary-Davidson, 2018-07-27 Monsters are a part of every society and ours is no
exception They are deeply embedded in our history our mythos and our culture However treating them as simply a facet of
children's stories or escapist entertainment belittles their importance When examined closely we see that monsters have
always represented the things we fear that which is different which we can't understand which is dangerous which is Other
But in many ways monsters also represent our growing awareness of ourselves and our changing place in a continually
shrinking world Contemporary portrayals of the monstrous often have less to do with what we fear in others than with what
we fear about ourselves what we fear we might be capable of The nineteen essays in this volume explore the place and
function of the monstrous in a variety of media stories and novels like Baum's Oz books or Gibson's Neuromancer television
series and feature films like The Walking Dead or Edward Scissorhands and myths and legends like Beowulf and The Loch
Ness Monster in order to provide a closer understanding of not just who we are and who we have been but also who we
believe we can be for better or worse *Something about the Author* Kevin S. Hile, 1995 Series covers individuals ranging
