✓ Exclusively available on IvyPanda

Modern world sets lots of problems for human beings and every time it is a considerable challenge for the mankind to try to solve this or that problem. One of these problems is the issue of gender inequality that troubles people a lot because touches every single person. But, to be true, this very gender problem is not the point of today, it appeared many centuries ago. The humankind developed together with this problem, attitudes towards it changed throughout the course of centuries but the problem itself did not disappear.

From the earliest times of human history people paid their attention to the inequality of men and women and, of course, both sides treated this issue differently. The history of human beings knew the periods when matriarchal societies existed, as well as patriarchal ones. Sometimes, this depended upon the epoch this society existed in, sometimes upon the culture of this or that nation. But, in any case, when one sex started to dominate another one would always claim that it was suppressed. Even nowadays matriarchal societies can be found, especially in the countries of Asia, where the power of women is doubtless.

The book that is to be considered in this critical essay is dedicated to the problem of gender inequalities, and namely feminism and its relation to religions of the world, their interaction and impact upon each other. This is the book by a prominent American writer Rita M. Gross called “Feminism and Religion: The Introduction”. The author of the book is widely known as a feminist and religious writer whose views arise a lot of controversy but are supported by the majority of activists of women rights movements in her country and abroad. Rita M. Gross is acknowledged as an expert in the fields of religion, especially Buddhism, and feminism, so her point of view in these issues, which she tried to express in her book, must be thoroughly considered.

The book “Feminism and Religion: The Introduction” was first published in 1996 and has become a real masterpiece of feminist literature since that time. It concerns the most important points of the interrelations between religion and feminism, as well as between them both and an academic subject of religious studies. The role of women in
