**SCORING THE CLEP GENERAL CBTs** The CLEP General Examinations are scored on a scale of 200 to 800 This does not apply however to the English Composition with Essay Questions Exam The essays on this exam are scored on a scale of 2 to 8 There is a drill question in the writing skills section of the English Composition review that asks you to write an essay on a given topic To score your essay we suggest you give it to two English teachers or professors to grade Refer to the completed essays in the detailed explanations of answers section of the review for scoring criteria The completed essays will show you what the judges will be looking for and the essay score from the English teachers will help you judge your progress

**When will I receive my score report** Right after you finish except for the English Composition essay which requires human graders and whose score will be mailed to you the computer will generate a printout of your score report which the administrator will hand you If you want your scores reported to a college or other institution you must fill in the correct code number on your answer sheet at the time you take the examination Since your scores are kept on file for 20 years you may also request transcripts from ETS at a later date

**STUDYING FOR THE**

CLEP GENERAL CBTs It is crucial for you to choose the time and place for studying that works best for you Some students set aside a certain number of hours every morning while others choose to study at night before going to sleep Only you can determine when and where your study time will be most effective But be consistent and use your time wisely Work out a study routine and stick to it When you take our practice tests try to make your testing conditions as much like the actual test as possible Turn off the television or radio and sit down at a quiet table or desk free from distraction Use a timer to ensure that each section is accurately clocked As you complete each practice test score it and thoroughly review the explanations for the questions you answered incorrectly however do not review too much at one sitting Concentrate on one problem area at a time by reviewing the question and explanation and by studying our review until you are confident that you completely understand the material Keep track of your scores and mark them on the scoring worksheet By doing so you will be able to gauge your progress and discover general weaknesses in particular sections You should carefully study the review sections that cover your areas of difficulty as this will build your skills in those areas If you do poorly on a section do not develop a negative attitude it only means you need to further review the material You should carefully study the reviews that cover your areas of difficulty as this will build your skills in those areas A negative attitude could prove to be your biggest stumbling block It is important that you get a good start and that you are positive as you review and study the material

TEST TAKING TIPS You may never have taken a standardized computer based test but it s not hard to learn the things you need to know to be comfortable on test day Know the format of the CBT CLEP CBTs are not adaptive but rather fixed length tests In a sense this makes them kin to the familiar pen and paper exam in that you have the same flexibility to back and review your work in each section Moreover the format hasn t changed a great deal from the paper and pencil CLEP You are likely to see some so called pretest questions as well but you won t know which they are and they won t be scored Use the process of elimination If you don t immediately see the correct answer among the choices go down the list and eliminate as many as you can Confidently casting aside choices will help you isolate the correct response or at least knock your choices down to just a few strong contenders This approach has the added benefit of keeping you from getting sidetracked and distracted by what in fact may be just an occasional tricky question Importantly your score is based only on the number of questions you answer correctly Read all of the possible answers Just because you think you have found the correct response do not automatically assume that it is the best answer Read through each choice to be sure that you are not making a mistake by jumping to conclusions Work quickly and steadily You will have only 45 minutes to work on an average of 50 questions in each section so work quickly and steadily to avoid focusing on any one question too long Taking our practice tests will help you learn to budget your time Acquaint yourself with the CBT screen Familiarize yourself with the CLEP CBT screen beforehand by logging onto the College Board Website Waiting until test day to see what it looks like in the pretest tutorial risks injecting needless anxiety into your testing experience Be sure that your answer registers before you go to the next item Look at the

screen to see that your mouse click causes the pointer to darken the proper oval This takes far less effort than darkening an oval on paper but don't lull yourself into taking less care

### THE DAY OF THE EXAM

Preparing to Take the CLEP CBT On the day of the test you should wake up early after a decent night's rest one would hope and have a good breakfast Dress comfortably so that you are not distracted by being too hot or too cold while taking the test Plan to arrive at the test center early This will allow you to collect your thoughts and relax before the test and will also spare you the anxiety that comes with being late No one will be allowed into the test session after the test has begun Before you set out for the test center make sure that you have your admission form Social Security number and a photo ID with your signature e.g. driver's license student identification card or current alien registration card The test center administrator will ask you for photo ID when you arrive After your test center fee is collected and registration is completed you will be assigned to a computer You will then key in the standard personal information including credit card information Next you'll take the tutorial During the Test Finally the exam will be upon you Here's what to expect Since it's built right into the CLEP testing software an on-screen non-graphing scientific calculator will pop up for the College Mathematics CBT You should take into account however that a calculator is not deemed necessary to answer any of the test's questions Scrap paper will be provided to you for all CLEP CBT examinations At times your computer may seem to slow down Don't worry the built-in timer will not advance until your next question is fully loaded and visible on screen Just as you can on a paper and pencil test you'll be able to move freely between questions within a section You'll have the option to mark questions and review them You may wear a wristwatch to the test center but it cannot make any noise which could disturb your fellow test takers No computers dictionaries textbooks notebooks scrap paper briefcases or packages will be permitted into the test center drinking smoking and eating are prohibited You may however bring your own nonprogrammable calculator if you're sitting for the CLEP College Mathematics CBT Consult College Board publications including the Collegeboard.com website for details

### After the Test

Once you have informed the test center administrator that you're done you will end your session on the computer which in turn will generate the printout of a score report except for the English Composition essay which requires human graders and whose score will be mailed to you that the administrator will hand you Then go home and relax you deserve it
