*The United States Catalog* Mary Burnham, Carol Hurd, 1928      Tests that Second Language Teachers Make and Use  
Greta Gorsuch, 2019-10-24 Classroom tests are an everyday feature of second and foreign language classrooms worldwide  
Teachers spend a lot of time and energy making and using tests and learners spend a lot of time and energy taking them  
Nonetheless such assessments are under studied as they are considered routine This volume illuminates this little researched  
area Featuring fifteen classroom language tests made and used by Chinese English French German Italian Japanese Russian  
and Spanish teachers the book includes parallel teacher commentary and testing content chapters that transparently probe  
the teachers processes of making and using their tests Rather than view teachers tests as poor shadows of what professional  
test writers do this work identifies the reasoning behind teachers tests In addition focused testing content chapters take  
examples directly from the actual tests and the accompanying teacher commentary This book is an accessible applied  
resource for second and foreign language teachers language program administrators working with teachers students in
