Basic Chess Openings Raymond Edwards,1981-01-01 [Chess Openings](#) Sasha Ivanov,2021-12 The first moves of a chess game are termed the opening or opening moves A good chess opening will provide protection of the king adequate control over an area of the board particularly the center create greater movement for the pieces and open possible opportunities to capture opposing pawns and pieces This book while also explaining some fundamental principles of chess will focus primarily on these opening sequences While the obvious goal of chess is to checkmate your opponent we must first put ourselves in a position to do so That s where chess openings play a vitally important role especially when first learning the game of chess Inside this book you will discover a variety of different opening sequences that you as a beginner can begin using right away If you re a beginner looking to improve your skills as a chess player then mastering these key principles and opening strategies is without a doubt the best place to begin

[Basic Chess Openings](#) Lyudmil Tsvetkov,2019-11-29 This little book is for people who want to learn the logic behind major opening setups and how to best handle the opening as a whole rather than rely on rote memorisation Explanations are abundant and each opening is illustrated with example games after the theory is presented Although a relatively small sample of openings is included those are definitely the most important ones and knowing how to play them you will also know how to approach the rest of the possible kick off setups Controlling the center is the single most significant principle in the opening and that s what this book teaches The exposition is not very advanced so beginning and casual players will derive the most out of it quite probably If you want to get to the gist of opening play without investing much effort this might be one of the go to sources

Pocket Guide to the Chess Openings R. C. Griffith,Harry Golombek,2013-03 This book is exactly what is claims to be A handy reference guide to the basic chess openings yet small enough to be carried around in the pocket It contains everything that the average club or tournament player or an aspiring beginner needs to know to get through the chess opening with a reasonable game It does not contain the latest or sharpest lines It does not guarantee to get you a winning game from the opening It is not a book of traps or tricks It just gets you a

reasonable playable game **Chess Openings for Beginners** Thomas Tower,2021-02-16 Chess is considered difficult because it requires a great deal of mental calculation and serious prep work but with this book's content you will get to know that Chess is easy to learn because its rules are understandable The primary strategy for a player is to predict the enemy king's moves and strike them In Chess players aim to gain the most material advantage possible It is easier to beat your opponent's king if you have more pieces than the other player does Although a player is not allowed to touch any piece during the game one is permitted to touch a piece in order to make an official move This rule allows players to be discreet about the strategies and calculations they make Significant training is required by future chess tournament participants They must choose the opening at which they can compete and become proficient in their tactics With the chapters in this book You will get to learn the following The historical background of chess The basics and foundation of chess Checkmating patterns and methods Rules that surrounds chess Defenses techniques Beginner's mistakes and how to avoid them Tips on sacrifices Chess theory Basic chess concepts And lots more Buy this book right now **Chess Openings for Beginners** Stuart Rook,2021-02-19 Chess is one of the oldest games in the world dating back over 1500 years The game of chess has evolved as it spread around the globe to the game we play today As a result this journey has brought people together from different cultures ages and backgrounds over a common bond and passion for the game One question that pops up all the time when considering an effective chess training method is what are the best chess openings for beginners to play After all not all chess openings are as suitable for beginners as they are for experts Many openings require intimate knowledge of deep strategic ideas and move order subtleties So how are you suppose to chose the best opening among others if you don't even know where to start Don't worry this Amazing and Easy to Follow Handbook will teach a step by step method to always chose the best opening In this book you will Have a Complete Overview of The Most Popular Chess Opening Knowing openings means you don't have to spend lots of time trying to understand your opponent's move since you've already done your homework ahead of time It also means you understand the general plans for both white and black the themes and any traps Learn Exactly What The Most Common Opening Move in Chess e4 is and How to Respond to This Opening Move to understand its key ideas and lead to an open game a term used to describe a game that features tactical battles in which both sides must be wary of quick and dangerous attacks Realize How Playing Chess is An Incredibly Beneficial Pastime because playing chess results in better brain function improved memory and cognitive abilities strategic thinking and attention improvement Discover Many Interesting Tips and Tricks for a Successful Opening to have a strategy in place to make your opening as successful as possible and begin brainstorming ways to create various opening every time to take your opponent by surprise Be Taken From the Basic to A Higher Level of the Game even if you start from scratch to boost your chance of winning to make you become a chess grandmaster Lot More Chess is considered to be a strategy game this means to win you must have a better plan of action than your opponent Playing chess greatly improves the ability to develop certain strategies
