

Baby's growing brain

Even though the brain keeps growing and changing into adulthood, the first 3 years are an important time of rapid growth that helps build the foundation for all future learning.

Supporting baby's brain development

Babies are born ready to learn! Parents and caregivers can support healthy brain development by interacting with their baby using language, play, and care.

- ✓ Rings objects together

Nutrients for brain development

During infancy and toddlerhood, a baby's brain forms many complex systems they will use throughout their entire life. Getting the right nutrients from infancy to toddlerhood is important to help the brain develop to its fullest.

Baby's key developmental milestones

First smiles, "coo" type sounds, and wobbly steps are all developmental milestones. While babies develop at their own pace, there are typical ages when these milestones occur.
