Simmons,School of Advanced Military Studies,2012-09-30 The Global War on Terror and the Department of Defense have thrust change upon the Marine Corps and the United States Special Operations Command USSOCOM Because the Secretary of Defense mandated that the Marine Corps would create a component in USSOCOM the window for revolutionary change is open USSOCOM needs a force with the capabilities of the Marine Expeditionary Unit Special Operations Capable MEU SOC When the United States Marine Corps joins USSOCOM it should

not create a force that duplicates what already exists within that organization and is anathema to the Marine's organizational culture. If the Marine Corps must provide a component to USSOCOM then it should provide a capability that is distinctly Marine. The Marine Corps should offer and USSOCOM should accept placement of all MEU(SOC)s under the combatant command authority of USSOCOM. In the current war the MEU(SOC) is the ideal force to provide the power, resilience, and ensure the unity of command for the special operations commander of all forces involved in a special operation. Additionally, the Marine Corps Special Operations Command should have the typical service responsibilities of training and equipping forces but it should also have an operational responsibility of forming the core of a Joint Task Force for service in small wars. These changes can create more capability for USSOCOM and place the Marine Corps in the forefront of the Global War on Terror.

Do Not Sacrifice the Marine Corps for MARSOC to Succeed the MARSOC Closed Loop Personnel Policy Proposal, 2006. The United States Marine Corps has always stood as the nation's force in readiness prepared to respond to any crisis that may arise. In the modern era multiple worldwide crises have arisen and the nation has relied on its Marines again to resolve these crises. The Marine Corps through the Marine Corps Forces Special Operations Command (MARSOC) is working to be more than crisis response but is trying to prevent crises before they arise. As a major subordinate command of the United States Special Operations Command (USSOCOM) MARSOC Marines deploy to partner nation countries in order to assist them in the Global War on Terror. Despite belonging to USSOCOM the Marines and Sailors of MARSOC must not lose their identity or become a replica of the United States Army Special Forces Command yet the closed loop policy proposed for MARSOC Marines and Sailors will lead to that end. MARSOC must avoid creating a closed loop personnel system because this practice will not increase SOF interoperability within the Marine Corps and will deprive junior Marines of SOF trained mentors and trainers.

Always Faithful, Always Forward Dick Couch, 2014-06-03. Established in 1986 the U.S. Special Operations Command was set up to bring the special operational disciplines of all branches of the military under a single unified command to act on missions involving unconventional warfare, special reconnaissance, foreign internal defense, and direct action. The Marine Special Operations Command (MARSOC) is the newest component of the military's shift toward a fully integrated Special Operations Command structure. At first the Marines were strongly against any Marines serving under anyone other than another Marine. Then 9/11 happened. In the years following Marine forces found themselves growing more agreeable to inter-branch operational command, finally forming the Marine Special Operations Command in 2006. Always Faithful, Always Forward follows the journey of a class of Marine candidates from their recruitment through assessment and selection to their qualification as Marines Special Operators. The assessment, selection, and training regimes are a combination of psychological testing and intense military training, as well as being a physical and professional rite of passage. MARSOC Marines must be efficient, agile, independent, and prepared to live hard in the field. They are warriors trained in the full range of military skills, as well as teachers who can train locals to defend their communities and lead them in battle. But

above all they are Marines Their ability to leverage their numbers by embedding with the locals and to live in remote locations has in their short history made them a valuable force and one with great utility in remote reaches of the world Retired Navy Captain Dick Couch has been given unprecedented access to this new command and to the individual Marines of this exceptional special operations unit allowing him to chronicle the history and development of the Marine Special Operations Command and how they find recruit and train their special operators INCLUDES PHOTOGRAPHS **Marsoc** U. On 16 April 1987 the Department of Defense activated US Special Operations Command USSOCOM The Army Navy and Air Force were all tasked to provide their Special Operations Forces to this new command The Marine Corps successfully argued

that it did not have additional forces to spare and thus was excluded Since then the absence of a Marine Corps component within Special Operations Command USSOCOM has been a hotly debated topic The activation of Marine Special Operations Command MARSOC on 1 November 2005 has ended that debate It is now time to focus on how best to ensure its success This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant Proceedings of the United States Naval Institute United States Naval Institute,2014-07 **Investing Marine Intelligence Capital in MARSOC** ,2008 The establishment in 2005 of a Marine component of United States Special Operations Command USSOCOM provided the Corps additional opportunities to contribute to the war on terrorism but at considerable cost to mission effectiveness Unfortunately the U S Marine Corps USMC capabilities were diminished by the creation of that component the Marine Special Operations Command MARSOC Established to support USSOCOM MARSOC will cost the USMC many intelligence professionals in addition to force reconnaissance operators and other high demand specialties 1 The quantity of intelligence officers ordered to MARSOC will negatively impact the Marine Corps conduct of its missions by establishing a separate intelligence community that exacerbates manning shortfalls and diminishes the expertise base of the average intelligence officer

Relational Maneuver U S Military,Department of Defense (Dod),David Woods,2019-04-08 This is an extremely impressive and comprehensive late 2018 report Based on historical lessons learned from irregular warfare case studies and internal organizational analysis this thesis seeks to provide Marine Special Operations Command MARSOC with specific implementable recommendations based on Edward Luttwak s concept of relational maneuver Luttwak defines relational maneuver as a style of warfare that requires a deep understanding of the threat and its operational environment to identify vulnerabilities adapt and exploit those weaknesses to destroy the enemy as a system Luttwak argues that irregular warfare requires effective implementation of relational maneuver to achieve operational and strategic success The U S military s experiences in Iraq and Afghanistan from 2009 through 2016 have revealed insufficient use of relational maneuver favoring instead employment of attrition warfare which focuses on optimizing internal organizational efficiency without understanding or adapting to the threat or the operational environment Through this research the authors seek to influence MARSOC s

organizational strategy to more effectively wage irregular warfare The final recommendations provide a possible path to MARSOC for overcoming institutional challenges inhibiting the employment of relational maneuver in irregular warfare I Introduction II Relational Maneuver An Analytical Framework III Case Study Vietnam An Ineffective Evolution Toward Relational Maneuver IV El Salvador Not A Military War V Afghanistan Still A Question Mark VI SOF Advantages Introduction VII Organizational Design and MARSOC VIII Synthesis Analysis And Recommendations IX Discoveries Disclaimers and Further Research 2019 U S Intelligence Community Worldwide Threat Assessment The evidence suggests that the root of the U S military s strategic failures in irregular warfare lies in ineffective implementation of what modern strategist Edward Luttwak defines as relational maneuver Relational maneuver is a style of warfare that focuses on studying a threat to identify and exploit vulnerabilities to achieve strategic success This style of warfare requires a deep understanding of the threat and operational environment and the adaptation to exploit threat vulnerabilities In irregular warfare adaptation and exploitation must occur through both political and traditional military competition The U S military including SOF disproportionately applies maneuver through traditional military violence rather than political competition This study draws upon the strategic context outlined by the 2018 NDS the projected prevalence of future irregular warfare credible research on irregular warfare historical U S military lessons and internal organizational analysis to produce implementable recommendations to the Marine Special Operations Command MARSOC These recommendations are intended to enhance MARSOC s ability to wage irregular warfare and influence successful strategic outcomes in line with the 2018 NDS Three intermediate arguments underpin the final recommendations First irregular warfare is fundamentally more complex dynamic and uncertain than doctrinally defined traditional warfare due to political competition that occurs at every level of warfare Second U S military strategic success in irregular warfare requires applying relational maneuver which enables the necessary understanding and adaptation to identify and exploit threat vulnerabilities in uncertain operational environments Third SOF and MARSOC need to better apply relational maneuver through both political competition and military violence

Military, Department Of Defense (Dod), Sean Barrett, 2019-03-19 The Department of Defense activated U S Special Operations Command SOCOM in 1987 but the Marine Corps did not become a full partner until 2006 This study explores why The activation of U S Marine Corps Forces Special Operations Command MARSOC demonstrates the limitations of a senior civilian to prompt change in a military organization especially after his perceived indecision encourages additional resistance Culture matters The Marine Corps adopted an acknowledge and evade strategy to retain control of its Marines prevent the creation of an elite within an elite in its ranks and undermine Secretary Rumsfeld s eventual desire to create a Marine Corps special operations component The non traditional backgrounds of the officers and senior enlisted personnel who proved pivotal in MARSOC s development exposed them to unique career opportunities that

better equipped them to adapt to the demands of the post 9 11 environment These Marines represented a fundamental disconnect between the culture of the Marine Corps as an institution and how that culture manifested in the actions of its members They believed in the special operations mission and its importance to the future of the Marine Corps Motivated by professional duty they embodied what it means to be a Marine and helped Secretary Rumsfeld overcome an intransigent senior Marine Corps leadership These quiet professionals are the unsung heroes of the Marine Corps journey to a special operations component I Introduction II Military Innovation A Bureaucracies and Change B External Drivers C Internal Drivers D Doctrine and Change III Military Culture A The Elusiveness of Organizational Culture B The Essence of the Organization C Culture Creation and Socialization D Organizational Culture and the Marine Corps IV Marine Corps Culture A A Healthy Dose of Paranoia B Cultivating an Elite Image V The Corps Formative Years and the Influence of Archibald Henderson A The Importance of Ships Guards B Bringing Stability to the Corps C Emerging Requirements Stagnant Mission D Revolution In Panama VI The Marine Corps and the New Navy A The New Navy B The Marine Corps Rebuffs the New Navy C The Greer Board and Its Aftermath D A Small Victory for the New Navy E Fullam Stokes the Flames Again F The Roosevelt Personnel Board and War With Spain G The Advance Base Force and a Lack of Progress VII The Marine Corps and Defense Unification A Interservice Strife B Differing Visions for the Future C Defense In Depth VIII Goldwater Nichols and Defense Reorganization A The Case For and History of Reorganization B The Marine Corps Responds C The Beirut Bombing and Operation Urgent Fury D General Kelley and the Corps Defend The JCS E The Bill and Its Aftermath IX The Marine Corps and Special Operations A Special Operations History B Defense Reform and the Marine Corps C Maneuver Warfare People D Maneuver Warfare Ideas E Maneuver Warfare Hardware F The MEU SOC and the Future X The Development of a Component A Transforming the DOD B The Aftermath of 9 11 C Det One D Organizing and Activating A Component E Cultural Intransigence F Separable But Not Separate G Manpower Strain H Marine Corps Perceptions and Post OEF Planning I Marines Are Who We Are Special Operations Are What We Do J The Raiders XI Conclusion
