

The image shows the cover of a spiral-bound notebook. The cover features a photograph of a rugged mountain range under a soft, hazy sky. The mountains are bathed in a warm, golden light, suggesting either sunrise or sunset. The sky is a mix of light blue and pale orange. The notebook's spiral binding is visible on the left side, consisting of a series of black metal loops.

Devotional Guide for the Home Circle ,1902 **Analytical-Literal Translation: Devotional Version** Gary F. Zeolla,2012-03-16 The Analytical Literal Translation of the New Testament Devotional Version ALTD is derived from the Analytical Literal Translation of the New Testament Third Edition ALT3 The purpose of the ALTD is to provide a translation of the Greek New Testament that will enable the reader to come as close to the Greek text as possible without having to be proficient in Greek And the name of the ALTD reflects this purpose Literal refers to the fact that the ALTD is a word for word translation All words in the original text are translated nothing is omitted The original grammar of the text is retained as much as possible Any words added for clarity are bracketed so nothing is added without it being indicated as such Analytical refers to the detailed analysis done on the grammar of the text The grammar is then translated in a way which brings out nuances of the original text that are often missed in traditional translations In addition analytical refers to the aids that are included in 4 300 footnotes which enable the reader to analyze and understand the text Such information includes the following 1 Alternative translations for words and phrases 2 Possible figurative meanings or paraphrases of words and phrases 3 Modern day equivalents for measurement and monetary units and time designations 4 Explanatory notes 5

References for Old Testament quotations and other cross references The main difference between ALTD and ALT3 is that in this version the above analytical information is footnoted while in ALT3 such information was included within brackets within the text That made the information readily available but it made the text awkward to read and to quote from By putting this information in footnotes the ALTD is a much easier to read version Also on rare occasions when the literal translation is excessively awkward or hard to understand it is footnoted and a figurative or less literal rendering is used in the text to make the ALTD more readable When this is done the literal translation is footnoted The occasions when this is done are few and far between and with the literal translation being footnoted the ALTD is still a very literal translation of the New Testament With being both a literal and a readable version the ALTD is the ideal Bible version for reading the Bible in both a study and a devotional manner It is also ideal for public reading quoting or for the person new to the Bible
