Sell More Faster Amos Schwartzfarb, 2019-08-27 From Amos Schwartzfarb, serial entrepreneur and veteran Managing Director of Techstars Austin, comes the elemental, essential and effective strategy that will help any startup identify, build and grow their customers from day 1. Most startups fail because they can't grow revenue early or quickly enough. Startup CEOs will tell you their early missteps can be attributed to not finding their product-market fit early enough or at all. Founders overspend time and money trying to find product-market fit and make false starts, follow the wrong signals and struggle to generate enough revenue to scale and raise funding. And all the while they never really knew who their customers were, what product they really needed and why they needed it. But it doesn't have to be this way, and founders don't need to face it alone. Through expert guidance and experienced mentorship, every startup can avoid these pitfalls. The ultimate guide for building and scaling any startup sales organization. *Sell More Faster* shares the proven systems, methods and lessons from Managing Director of Techstars Austin and sales expert Amos Schwartzfarb. Hear from founders of multi-million-dollar companies and CEOs who learned firsthand with Techstars, the leading mentorship-driven startup accelerator and venture capital firm that has invested in and mentored thousands of companies, collectively representing billions of dollars in funding and market cap. accelerators each offering a unique set of values The story this trend tells us is that accelerator programs are growing in popularity just as startups are Teams Accelerators pick teams not individuals not necessarily ideas and not your pitch Your team is the linchpin of it all it ties all the other good stuff together Accelerator Startup Fit You need to figure out what's most important to your company who you need to know what you need to know and which accelerator can get you that Know the type of founders industry experts and influencers you need to know If the network or community that you need to bring your product to market isn't there then it isn't there and maybe you shouldn't be either Fundraising is of course a factor but it shouldn't be of the highest priority The money you'll get out of an accelerator experience is one form of currency but the various other forms such as mentorship exposure and introductions have far greater multiplier effects than the linear nature of money
