*Writing, Retelling, and Critically Reading Children's and Young Adult Tales* Bernard Montoneri, 2025-06-24 This edited collection traces the evolution of writing retelling and critically reading children's and young adult tales over decades of cultural social and technological changes Global contributions cover the increasingly diverse narratives found in children's literature including how contemporary authors challenge traditional gender roles found in fairy tales through modern increasingly prevalent retellings Chapters also consider the psychological impact of storytelling on children and how narratives can provide children with frameworks for understanding their emotions and experiences *The Routledge Companion to International Children's Literature* John Stephens, 2017-09-11 Demonstrating the aesthetic cultural political and intellectual diversity of children's literature across the globe *The Routledge Companion to International Children's Literature* is the first volume of its kind to focus on the undervisited regions of the world With particular focus on Asia Africa and Latin America the collection raises awareness of children's literature and related media as they exist in large regions of the world to which mainstream European and North American scholarship pays very little attention Sections cover Concepts and theories Historical contexts and national identity Cultural forms and children's texts Traditional story and adaptation Picture books across the majority world Trends in children's and young adult literatures Exposition of the literary cultural and historical contexts in which children's literature is produced together with an exploration of intersections between these literatures and more extensively researched areas will enhance access and understanding for a large range of international readers The essays offer an ideal introduction for those newly approaching literature for children in specific areas looking for new insights and interdisciplinary perspectives or interested in directions for future scholarship **Irish Children's Literature and the Poetics of Memory** Rebecca Long, 2021-03-25 Focusing on the mythological narratives that influence Irish children's literature this book examines the connections between landscape time and identity positing that myth and the language of myth offer authors and readers the opportunity to engage with Ireland's culture and heritage It explores the recurring patterns of Irish mythological narratives that influence literature produced for children in Ireland between the nineteenth and the twenty first centuries A selection of children's books published between 1892 when there was an escalation of the cultural pursuit of Irish independence and 2016 which marked the centenary of the Easter 1916 rebellion against English rule are discussed with the aim of demonstrating the development of a pattern of retrieving re telling remembering and re imagining myths in Irish children's literature In doing so it examines the reciprocity that exists between imagination memory and childhood experiences in this body of work **Reading with Meaning** Debbie Miller, 2023-10-10 Ten years since her first edition author Debbie Miller returns with *Reading with Meaning* Second Edition Teaching Comprehension in the Primary Grades to share her new thinking about reading comprehension strategy instruction the gradual release of responsibility instructional model and planning for student engagement and independence *Reading with*

Meaning Second Edition delves into strategy and how intentional teaching and guided practice can provide each child a full year of growth during their classroom year New in this edition are lesson planning documents for each chapter that include guiding questions learning targets and summative assessments as well as new book title recommendations and updated FAQs from the first edition Also included are strategic lessons for inferring determining the importance in each text and synthesizing information Teachers can help students make their thinking visible through oral written artistic and dramatic responses and provide examples on how to connect what they read to their own lives In this book Miller reflects on her professional experiences and judgement along with current research in the field She provides a guide for any teacher hoping to build student relationships and develop lifelong independent learners Listening to Children's Literature Read Aloud Janice Hartwick Dressel,1986 *New Jersey Language Arts Literacy Curriculum Framework* ,1998 **Screen**

**Adaptations and the Politics of Childhood** Robyn McCallum,2018-01-16 This book features a cutting edge approach to the study of film adaptations of literature for children and young people and the narratives about childhood those adaptations enact Historically film media has always had a partiality for the adaptation of classic literary texts for children As economic and cultural commodities McCallum points out how such screen adaptations play a crucial role in the cultural reproduction and transformation of childhood and youth and indeed are a rich resource for the examination of changing cultural values and ideologies particularly around contested narratives of childhood The chapters examine various representations of childhood as shifting states of innocence and wildness liminality marginalisation and invisibility The book focuses on a range of literary and film genres from classic texts to experimental carnivalesque magical realist and cross cultural texts

Research Within Reach ,1983 *The Greenwood Encyclopedia of Folktales and Fairy Tales* Donald Haase,2008 Folk and fairy tales exist in all cultures and are at the heart of civilization This massive Encyclopedia gives students and general readers a broad multicultural survey of folk and fairy tales from around the world Included are hundreds of alphabetically arranged entries written by numerous expert contributors Entries cover themes and motifs individuals characters and character types national traditions genres and a range of other topics Each entry cites works for further reading and the Encyclopedia closes with a bibliography of print and electronic resources Literature students will welcome this book as an aid to understanding and analyzing folk and fairy tales as literary forms while social studies students will appreciate it as an exploration of the essence of world cultures Folk and fairy tales exist in all cultures and are at the heart of civilization The most comprehensive work of its kind this massive Encyclopedia gives students and general readers a broad accessible multicultural survey of folk and fairy tales from around the world Edited by one of the foremost authorities on the subject the Encyclopedia draws on the work of numerous expert contributors and covers a broad range of themes and motifs characters and character types genres individuals national traditions and other topics Entry topics were chosen in consultation with a nine member Advisory Board that includes some of the most prominent scholars currently pursuing the study of folk and fairy

tales such as Professor Jack Zipes of the University of Minnesota whose work has revolutionized research on fairy tales. Entries cite works for further reading and the Encyclopedia closes with a bibliography of print and electronic resources. Literature students will value this book as an aid to understanding and analyzing folk and fairy tales as literary forms while social studies students will appreciate the book's examination of the foundations of world cultures. And because many of these tales continue to influence films, television, and popular culture, general readers will welcome the Encyclopedia as a means of understanding the modern world.

Crossing Textual Boundaries in International Children's Literature Lance Weldy, 2011-01-18. As the first part of the title indicates, my interest in looking at intertextuality and transformation still maintains a prominent place throughout this book as well. If we believe that no text is an island, then we will understand that the relationships between and within texts across the years become a fascinating place for academic inquiry. I included the word boundaries into the title because we never get tired of voicing our opinions about texts which traverse relegated boundaries such as genre or medium. Not only am I interested in discussing what these changes across boundaries mean socially, historically, and culturally, but also what they mean geographically, which accounts for the second part of my title. I am very excited that this book will be placing even more emphasis on children's literature in an international scene than my first book did in the sense that I have added more scholars on an international level. I hesitate to list the nationalities of all of the contributors here because quite a few have themselves crossed international boundaries in different ways, by either studying abroad or finding permanent residency in foreign countries. Nevertheless, the writers have lived extensively in or identify as being from Australia, Canada, England, Finland, Germany, Greece, Iceland, Ireland, Israel, Norway, Spain, Sweden, Turkey, the United States of America, and Wales.

Red Riding Hood for All Ages Sandra L. Beckett, 2008. A global study of modern adaptations for readers of all ages of Little Red Riding Hood. Red Riding Hood for All Ages investigates the modern recasting of one of the world's most beloved and frequently told tales. Author Sandra L. Beckett examines an international selection of contemporary fiction for children, adolescents, and adults to find a wide range of narrative and interpretive perspectives in the tale and its revisions. Beckett shows how authors and illustrators from around the globe have renewed the age-old tale in a range of multilayered, sophisticated, and complex textual and visual Red Riding Hood narratives. With a child protagonist who confronts grown-up issues of sexuality, violence, and death, the Red Riding Hood story appeals to readers of all age groups and is often presented in crossover texts that can be enjoyed by both children and adults. Beckett presents a wide selection of retellings, many of which have been never translated into English. Texts come from a variety of countries in Europe, North America, South America, Africa, and Asia and date from the early twentieth to the twenty-first century. This wealth of stories and illustrations is organized thematically into sections that consider Little Red Riding Hood alternately as a cautionary tale, an initiation story, a story focused on the wolf, a tale inspired by the wolf within, and a story of an unconventional girl who runs

with wolves This volume provides a global survey of Red Riding Hood's story in contemporary culture proving that the character is omnipresent in modern literature and that the universal appeal of her story knows no age boundaries Red Riding Hood for All Ages will be of interest to scholars of folklore gender studies and literature as well as librarians educators parents and all those interested in the many interpretations of the Red Riding Hood tale **Linguistics and Language Behavior Abstracts**, 1989 Children's Books on Ancient Greek and Roman Mythology Antoine Brazouski, Mary J Klatt, 1994 This reference begins with chapters on the history of children's books on classical mythology in the United States and then presents an annotated bibliography of appropriate titles for children **Reading and Writing in Elementary Classrooms** Patricia Marr Cunningham, 2004 This K-4 text follows the style of the successful Cunningham Allington franchise It is very practical with tons of activities and grounded on solid research With new chapters on Fluency Assessment and a new organization this text offers the most current insight on thinking processes on reading and writing as language and on the importance of the affective domain Other Books by These Authors Phonics They Use Words for Reading and Writing Third Edition Patricia M Cunningham Wake Forest University ISBN 0 321 02055 3 Classrooms That Work They Can All Read and Write Third Edition Patricia M Cunningham Wake Forest University Richard L Allington University of Florida ISBN 0 205 35541 2 Schools That Work Where All Children Read and Write Second Edition Richard L Allington The University of Florida Patricia M Cunningham Wake Forest University ISBN 0 8013 3246 X Reading and Writing in Elementary School Classrooms 4e was well conceived and will only grow in popularity as more and more teachers seek support for the teaching of reading The book is a great effort on the part of the authors Professor Lee T Person Ed D Associate Dean for Education Ottawa University Its clear that these authors know the research know the history of reading instruction and know the classroom They have a keen sense of how to help the teachers move forward in understanding and implementing good literacy practices by utilizing new insights without being iconoclastic Professor James Rooks Calvin College The pedagogical elements of the text are excellent One of the things I like best about the book is the inclusion of the appropriate activities within each chapter so that students can read about and practice the concepts first hand Professor Luther R Kirk Longwood University Author Bio David W Moore serves as a Professor of Education at Arizona State University West where his teaching centers about literacy development His publication record balances research reports professional articles book chapters and books Recent co authored books include Developing readers and writers in the content areas K-12 4th ed and Starting out A guide for teaching adolescents who struggle with reading Patricia M Cunningham is a professor at Wake Forest University in Winston Salem North Carolina In addition to university teaching she worked for ten years in public school positions that included first grade teacher fourth grade teacher remedial reading teacher curriculum coordinator and director of reading Dr Cunningham has published numerous research and applied articles She is also the author of Phonics They Use and coauthor of Schools That Work Along with Dorothy Hall she developed the Building Blocks and Four Blocks frameworks for providing balanced
