Más que nunca se impone la necesidad de diversificar la fuente de ingresos. Como Asumiendo riesgos y enfrentándose a los miedos que muchas veces nos impiden avanzar. Más allá del método que tenga un músico es necesario tener una actitud empresarial para llevar a buen término una carrera artística. Ha de ser competitivo, buscar alianzas de visibilidad, estrategias, aprender y desarrollar una serie de habilidades relacionadas con la comunicación, la gestión, las nuevas tecnologías y sobre todo el marketing. Cuestiones como la marca personal, la diferenciación, el buen uso de las redes sociales como herramientas imprescindibles del marketing o publicar tu música en plataformas como Spotify, iTunes o Apple Music te abren las puertas a nuevas vías para crecer y promocionarte. Jesús ha sido capaz de organizar mi agitada carrera artística, poner orden en mis lanzamientos definiendo un calendario con estrategias y objetivos claros. Y sobre todo me ha ayudado a tener una visión más clara sobre mí mismo como artista, dándome seguridad y pautas inspiradoras sobre cómo enfocar y rentabilizar mi proyecto musical. Saavedrita, Artista independiente. Jesús es mi mentor, la persona que creyó en mí para su proyecto de carretera en carretera y que se convirtió en un amigo que me enseñó que con trabajo duro uno puede conseguir cualquier objetivo que se proponga. Pedro Cuevas, Keep On Playing. *The Benefits of Friends*. Jana Mathews, 2022-08-02. In 2011, Jana Mathews's career took a surprising turn. What began as an effort for a newly minted college professor to get to know her students turned into an invitation to be initiated into a National Panhellenic Conference sorority and serve as its faculty advisor. For the next seven years, Mathews attended sorority and fraternity chapter meetings, Greek Week competitions, leadership retreats, and mixers and formals. She also counseled young men and women through mental health crises, experiences of sexual violence, and drug and alcohol abuse. Combining her personal observations with ethnographic field analysis and research culled from the fields of sociology, economics, and cognitive psychology, this thought-provoking book examines how white Greek letter organizations help reshape the conceptual boundaries of society's most foundational relationship categories, including friend, romantic partner, and family. Mathews illuminates how organizations manipulate campus sex ratios to foster hookup culture, broker romantic relationships, transfer intimacy to straight same-sex friends, and create fictive family units that hoard social and economic opportunity for their members. In their idealized form, sororities and fraternities function as familial surrogates that tether their members together in economically and socially productive ways. In their most warped manifestations, however, these fictive familial bonds reinforce insularity, entrench privilege, and at times threaten physical safety. *Environmental Policy Science's Exploration for Innovative Data*.
