of self growth starts with-self belief. Shukrim Adan,2026-01-12 Motivation is in essence that internal drive and level of energy that causes an individual to decide to take action usually a positive action that ensures growth progress and general or direct improvement of conditions or performance These variables make motivating employees rather challenging Goals are the stepping stones toward your dreams so in order to achieve them you need motivation to keep you chugging along towards them Not everyone is born with motivation There is a severe lack in some who believe I ll get to that one day or the timing isn t right or a classic case of I can t do that Motivation is the defining factor that turns a good thought into immediate action It turns a good idea into a business and can positively impact the world around you Motivation is an important life skill The reason it s important is because every person on this earth is unique and has a purpose To steward your purpose well you have to be motivated to work towards your goals which helps your dreams become a reality Not just for your sake but the sake of others as well
