

A single water droplet is captured mid-fall, just above the surface of a body of water. The droplet is perfectly spherical and reflects light, creating a bright highlight. Below the droplet, the water surface is disturbed, creating a series of concentric, shimmering ripples that spread outwards. The background is a soft, out-of-focus blue, suggesting a vast expanse of water under a clear sky. The overall composition is centered and balanced, emphasizing the impact of a small drop on a larger body of water.
