Inequality Reader Grusky:

The Inequality Reader David Grusky,2018-04-19 Oriented toward the introductory student The Inequality Reader is the essential textbook for today s undergraduate courses The editors David B Grusky and Szonja Szelenyi have assembled the most important classic and contemporary readings about how poverty and inequality are generated and how they might be reduced With thirty new readings the second edition provides new materials on anti poverty policies as well as new qualitative readings that make the scholarship more alive more accessible and more relevant Now more than ever The Inequality Reader is the one stop compendium of all the must read pieces simply the best available introduction to the stratification canon *INEQUALITY READER* DAVID GRUSKY,2019-06-14

The Inequality Reader Szonja Szelenyi,David Grusky,2010-07-09 In this new volume noted scholars David B Grusky and Szonja Szel nyi have assembled a compilation of the most relevant contemporary readings on social inequality that is also backed by a select list of the most fundamental classics all from top names in the field

The Inequality Reader David B. Grusky,2011

The Inequality Reader David B. Grusky,Szonja Szelenyi,2011

Inequality in the 21st Century David Grusky,Jasmine Hill,2018-05-15 This book provides selections from the seminal works of Karl Marx Max Weber W E B Du Bois and Charlotte Perkins Gilman that reveal some of the reasons why class race and gender inequalities have proven very adaptive and can flourish even today in the 21st century

Inequality in America Robert S. Rycroft,Kimberley Kinsley,2021-06-18 This authoritative reference work explores the factors driving the much debated increase in economic inequality in U S society as well as the impact that this divide is having on U S culture politics families communities and institutions This reference work provides an authoritative and comprehensive resource for both students and scholars who are interested in learning more about the rich poor divide in the United States a divide regarded by many lawmakers researchers pundits and concerned citizens as one of the nation s most serious problems The book provides important historical background for understanding how the nation has grappled with or ignored this issue in the past examines specific causes of inequality identified by observers across the political spectrum and summarizes the potential consequences both present and future of economic inequality This book examines more than 25 issues frequently cited as factors contributing to the rapidly widening gap between socioeconomic classes in the U S ranging from such demographic factors as race and gender to tax code provisions and differences in access to quality education and health care The book also provides both a retrospective and prospective look at government policies aimed at addressing inequality or assisting the poor Finally the book looks ahead to survey the future of inequality in America

(Un)Equal Pathways to Higher Education Andrea Cuenca Hernández,2021-03-04 Inequality of educational opportunities IEO is a recurring topic in both public debate and academic research This book contributes to the contemporary discussion on IEO with a focus on individual trajectories over the life course It provides empirical evidence on the magnitude and the mechanisms of IEO in Colombia a country with extreme persistent levels of social inequality Using national administrative

databases the author examines the effect of social origin on academic and labor market outcomes among university graduates Drawing on a comprehensive theoretical approach to stratification and higher education this volume discusses how the interaction between family background and segmentation of educational institutions might influence individuals outcomes As such it will appeal to scholars policy makers and practitioners with interests in education social inequality social policy higher education research and international comparative education

Equality François Levrau, Noel Clycq, 2020-10-19 Equality as an ideal has a long history and while some progress has obviously been made the persistence of certain inequalities is remarkable In order to draw a detailed picture of equality s nature value relevance and scope this book provides a multidisciplinary analysis Using a classic three part framework the book looks at the macro level broader systemic historical conceptual societal and European level the meso level concrete social institutions such as the labour market and the welfare state and the micro level of the individuals and their relations and thoughts about equality psychological reactions cultural depictions and sociological analyses The chapters not only provide an overview of the state of equality but also identify promising areas of future research and will be of interest to students and scholars across a number of fields including European studies history law political philosophy psychology sociology and economics

Sociology and Classical Liberalism in Dialogue Fabio Rojas, Charlotta Stern, 2024-04 Sociology and classical liberalism need to engage each other This book brings those two viewpoints into conversation and provides a number of voices showing how that dialogue brings new perspectives on classical topics in both traditions

International Encyclopedia of Human Geography, 2019-11-29 International Encyclopedia of Human Geography Second Edition Fourteen Volume Set embraces diversity by design and captures the ways in which humans share places and view differences based on gender race nationality location and other factors in other words the things that make people and places different Questions of for example politics economics race relations and migration are introduced and discussed through a geographical lens This updated edition will assist readers in their research by providing factual information historical perspectives theoretical approaches reviews of literature and provocative topical discussions that will stimulate creative thinking Presents the most up to date and comprehensive coverage on the topic of human geography Contains extensive scope and depth of coverage Emphasizes how geographers interact with understand and contribute to problem solving in the contemporary world Places an emphasis on how geography is relevant in a social and interdisciplinary context

Indian Sociology B. K. Nagla, Kameshwar Choudhary, 2023-10-31 This book presents a critical and reflective view of fundamental theoretical orientations thematic domains and current debates in Indian sociology It covers the growth of sociology as an academic and pedagogical subject with four main parts Part I discusses important theoretical orientations in Indian sociology including Indological and civilizational approaches as well as the contributions of an eminent sociologist and pioneer in Indian sociology Professor Yogendra Singh concerning the sociology of knowledge liberal democracy and the relevance of his

concept of Islamization in the study of Indian society Part II examines substantive areas of study such as caste class and tribe Part III reflects on specific topics of current concern in Indian sociology such as emerging vistas and futures globalization and rethinking area studies for planetary conversations This book is highly relevant for postgraduate students and researchers in sociology social anthropology and social sciences

Politics of Social Psychology Jarret T. Crawford, Lee Jussim, 2017-07-28 Social scientists have long known that political beliefs bias the way they think about understand and interpret the world around them In this volume scholars from social psychology and related fields explore the ways in which social scientists themselves have allowed their own political biases to influence their research These biases may influence the development of research hypotheses the design of studies and methods and materials chosen to test hypotheses decisions to publish or not publish results based on their consistency with one's prior political beliefs and how results are described and dissemination to the popular press The fact that these processes occur within academic disciplines such as social psychology that strongly skew to the political left compounds the problem Contributors to this volume not only identify and document the ways that social psychologists political beliefs can and have influenced research but also offer solutions towards a more depoliticized social psychology that can become a model for discourse across the social sciences

Social Class Annette Lareau, Dalton Conley, 2008-07-10 Class differences permeate the neighborhoods classrooms and workplaces where we lead our daily lives But little is known about how class really works and its importance is often downplayed or denied In this important new volume leading sociologists systematically examine how social class operates in the United States today *Social Class* argues against the view that we are becoming a classless society The authors show instead the decisive ways social class matters from how long people live to how they raise their children to how they vote The distinguished contributors to *Social Class* examine how class works in a variety of domains including politics health education gender and the family Michael Hout shows that class membership remains an integral part of identity in the U S in two large national surveys over 97 percent of Americans when prompted identify themselves with a particular class Dalton Conley identifies an intangible but crucial source of class difference that he calls the opportunity horizon children form aspirations based on what they have seen is possible The best predictor of earning a college degree isn't race income or even parental occupation it is rather the level of education that one's parents achieved Annette Lareau and Elliot Weininger find that parental involvement in the college application process which significantly contributes to student success is overwhelmingly a middle class phenomenon David Grusky and Kim Weeden introduce a new model for measuring inequality that allows researchers to assess not just the extent of inequality but also whether it is taking on a more polarized class based form John Goldthorpe and Michelle Jackson examine the academic careers of students in three social classes and find that poorly performing students from high status families do much better in many instances than talented students from less advantaged families Erik Olin Wright critically assesses the emphasis on individual life chances in many studies of class and calls for a more structural conception of class

In an epilogue journalists Ray Suarez Janny Scott and Roger Hodge reflect on the media's failure to report hardening class lines in the United States even when images on the nightly news such as those involving health crime or immigration are profoundly shaped by issues of class Until now class scholarship has been highly specialized with researchers working on only one part of a larger puzzle Social Class gathers the most current research in one volume and persuasively illustrates that class remains a powerful force in American society *Knowledge Evolution and Societal Transformations* Jerald Hage, 2020-04-30 Knowledge evolution punctuates the previous equilibrium of society and requires us to develop adaptive solutions One new rule is that as the discovery of new knowledge grows more difficult more complex organizational and institutional arrangements have to be adopted Knowledge growth is accelerating because not only are there more creative individuals and organizations developing radical innovations but also innovative regions are facilitating both of these trends The discussion of four social regions and the kinds of selves produced help explain partisan divides and integrate the social psychological literature The growth in knowledge produces two kinds of social changes In the nature of the social structure and the kinds of institutional problems that have to be solved The discussion of changes in the stratification system in the choice of organizational form and in the spread of inter organizational networks with tight connections heterogeneous social capital allows us to update Marx Weber and Durkheim The new adaptive problems include growing inefficiencies in labor product and public markets and the failure of many existing programs The proposed solutions are the creation of coordinated systemic networks in each of these areas which integrates the comparative institutional literature neoclassical economics and political science *Inequality* David Grusky, 2018-05-04 This book redirects the focus of public debate to issues of gender and racial segregation and suggests that they should be fundamental to thinking about the status of black Americans and the origins of the urban underclass It is a starting point for students and advanced scholars of inequality **The Routledge International Handbook of Valuation and Society** Anne Krüger, Thorsten Peetz, Hilmar Schaefer, 2024-10-15 The Routledge International Handbook of Valuation and Society builds on the growing research interest in practices of valuation throughout contemporary society providing an up to date overview of the different facets of research in the sociology of valuation The handbook is divided into five major sections with attention to the treatment of valuation in major areas of sociological theory as well as its key concepts discourses and approaches Part I Theoretical perspectives Part II Central valuation practices in societal spheres Part III Cross cutting valuation practices Part IV Valuation and societal change Part V Reflections Together the chapters in this book characterize distinctive practices of valuation across different societal spheres such as education and science arts and culture economic life the environment or digital culture and social media They also examine the role of valuation in contemporary society and consider the ways it effects social change This seminal handbook aims at taking stock of the development of the study of valuation with a selection of topics that are important for understanding core perspectives and developments as well as anticipating its future orientation It will appeal to scholars

across the social sciences with interest in the ubiquity of the valuation practices and its effects on social life Foundations of Sociology Text and Reader Peggy Shifflett, Rammy Haija, 2007-08-07 *The New Walford* Ray Lester, 2005 Covers 15 broad subject groupings social sciences generic psychology sociology social work politics government law finance accountancy industries business education sport media information and tools for information professionals *The Gendered Society Reader* Michael S. Kimmel, Amy Aronson, 2011 The battle between the sexes has raged on for centuries however are men and women really from different planets In *The Gendered Society Reader Fourth Edition* coeditors Michael Kimmel and Amy Aronson pull together an array of dynamic voices both male and female classic and contemporary to examine various interpretations of gender These lively in depth readings explore gender discourse over a wide range of disciplines focusing primarily on two central issues difference and domination Thoroughly updated with rich and timely new material the fourth edition features twenty one new selections including three essays in a new section on religion four new selections on gender and the media and a new article on non heterosexual families This edition is also supplemented by an Instructor s Manual Test Bank which includes discussion questions Michael Kimmel s textbook *The Gendered Society Fourth Edition* OUP 2010 provides a perfect complement for classroom use
