even scratch Even though they don't like doing letter stroke or line tracing exercises However in preparation for writing we believe this letter stroke or line tracing exercise is very important This is because once they are good at making lines or letter strokes it is easier for them to learn to write in the future To lure the kids we are using these coloring and tracing to train them to make letter strokes This book use exercises that combine stroke lines into pictures and drawings Every time they practice they will draw and color together In this way children feel that they are drawing and coloring and not learning to write Hope your kids will enjoy this activity book
