Book Description: Certified Business Analysis Professional (CBAP) is a certification from the International Institute of Business Analysis (IIBA) for professionals with extensive experience in business analysis. The CCBA and CBAP validate your proficiency in various aspects of business analysis and your ability to tackle challenging projects, work effectively with stakeholders, and identify and deliver business value. You'll start by learning about the benefits of CCBA and CBAP certifications for your career progression, before focussing on the six core knowledge areas explained thoroughly in each chapter. These include topics such as business analysis planning and monitoring, elicitation and collaboration requirements, life cycle management, strategy analysis requirements, analysis and design definition, as well as solution evaluation. The book includes the essential underlying competencies and techniques to ensure a complete understanding of the BABOK v3 guide content. Each chapter delves into the essential concepts and business analysis task considerations, utilizing practical examples. Finally, you'll assess your knowledge through mock exam questions based on real-world case studies. By the end of this book, you'll have gained the business analysis skills needed to prepare for the certification exams and to advance in your career.

What you will learn: Assess the IIBA requirements for applying for the CCBA and CBAP exams. Navigate through the sections of the BABOK v3 Guide. Understand business analysis concepts.
