Introduction to Global Studies Patricia J. Campbell, Aran MacKinnon, Christy R. Stevens, 2010-03-08 Taking an interdisciplinary approach An Introduction to Global Studies presents readers with a solid introduction to the complex interconnected forces and issues confronting today's globalized world Introduces readers to major theories key terms concepts and notable theorists Equips readers with the basic knowledge and conceptual tools necessary for thinking critically about the complex issues facing the global community Includes a variety of supplemental features to facilitate learning and enhance readers understanding of the material Introduction to International Studies Brian Orend, 2012-09-27 Written in

clear accessible language Introduction to International Studies offers a concise introduction to many of the major topical issues covered in introductory international studies courses including economics and trade culture health human rights and world governance Orend deftly introduces theoretical concepts and follows them with real life examples taken from various disciplines This approach helps students make connections between theories and world events while also encouraging them to think critically about their own assumptions regarding the globalized world This book is detailed but brief making it ideal for use as a core text or in combination with other core texts and readers It is the only concise introductory international studies book written by a Canadian scholar presenting a Canadian perspective on global issues *Introduction to*

International Relations Joseph Grieco, G. John Ikenberry, Michael Mastanduno, 2018-10-13 The second edition of this bestselling introductory textbook provides a truly comprehensive and accessible guide to international affairs Bringing together the combined decades of experience in researching and teaching global politics of three acclaimed scholars this text introduces students to what is happening in our complex and rapidly changing world and enables them to analyse those events Pedagogically driven the book is structured around enduring questions that reflect the key concepts in world politics

It makes use of the levels of analysis framework and boxed features to highlight connections between theory and practice aspirations and reality and history and contemporary events This fully updated second edition includes a brand new chapter on International Organizations a new feature to give students an insight into the latest academic research and has been extensively rewritten throughout This is an ideal textbook for introductory modules for political science and international relations undergraduate students This new edition offers A brand new chapter on International Law and Organizations A new Academic Insights feature in every chapter encouraging closer connections with the latest academic research New author video debates on thought provoking questions Extensively rewritten chapters to include the latest advances in thinking and contemporary case examples A historically driven empirical narrative to answer broad enduring questions A rigorous analytic approach covering pluralistic theoretical approaches A comprehensive companion website including videos author debates simulation activities quizzes and teaching tools

Education Studies Catherine Simon,2025-11-11 What does it mean to be a student of education This book offers an excellent introduction to the content and espoused purposes of Education Studies degree courses both undergraduate and postgraduate Education Studies has shifted from simply the theory for teacher training to a popular university subject in its own right with a wide array of literature and research Covering core questions about who where and why education should take place the book analyses diverse approaches to the Education Studies curriculum the tension between theory and practice and the employment opportunities offered for graduates of Education Studies The book will appeal to those considering a career in teaching or looking for enhanced professional development through engagement with degree level studies It is also essential reading for students interested in the broader questions relating to education and society as well as those looking for careers in the wider education sector including local government charities and cultural industries

The College Board Book of Majors College Entrance Examination Board,2004 Picking a college major is a two step process First you have to discover which areas of study interest you the most then you need to find out which colleges offer those majors The College Board Book of Majors is the only resource that helps you do both Whether you re just beginning to look at colleges or have already enrolled you ll find what you need to know about every major from accounting to zoology offered in every college from Maine to Hawaii Book jacket

International Studies Scott Straus,Barry Driscoll,2021-01-05 The challenge of teaching international studies is to help students think coherently about the multiple causes and effects of global problems In *International Studies Global Forces Interactions and Tensions* award winning scholars Scott Straus and Barry Driscoll introduce students to the foundations of the course the major actors institutions and theories as well as the contemporary problems that will matter most to students In the fully updated Second Edition the authors give students a clear framework that pinpoints how key factors forces interactions and tensions contribute to current world events and global problems like human rights abuses economic inequality pandemic and global health responses and food security The book raises the bar for the Introduction to

International Studies course and is relevant to students from a wide variety of backgrounds with diverse interests in geography sociology political science and anthropology Included with this text The online resources for your text are available via the password protected Instructor Resource Site [Book of Majors 2010](#) The College Board,2009-07-07 The only book that describes majors in depth and lists colleges that offer them four year two year undergraduate and graduate programs The Book of Majors 2010 is the most comprehensive guide to academic programs with in depth descriptions of 200 of the most popular college majors This book answers the questions What s the major for you Where can you study it What can you do with it after graduation This is also the only guide that shows what degree levels each college offers in a major whether a certificate associate bachelor s master s or doctorate More than 900 majors at 3 600 colleges are listed including four year two year and technical schools sorted by state The guide features insights from the professors themselves on how each major is taught what preparation students will need career options and employment prospects and much more in depth profiles of several emerging majors such as Homeland Security and Sustainable Agriculture inside scoop in the descriptions of majors such as questions students should ask when visiting campuses and also professional societies and accrediting agencies to refer to for more background on the major [The Grolier Global Studies Library, Set](#) James Norton,Scholastic Library Publishing,1994-09 Contains current information on the cultural social political and economical differences and similarities between India and South Asia *The Global Environment: Institutions, Law, and Policy, 2nd Edition* Regina S Axelrod,David Leonard Downie,Norman J Vig,2005 A timely collection of essays that analyse key issues institutions laws and policies for the protection of the global environment The new edition of this popular text provides crucial historical background on the development of global environmental organisations and treaties engaging discussions of current and critical global environmental agreements and insights into national and international implementation of sustainable development principles Drawing together a distinguished list of international contributors the book includes six brand new chapters on such important topics as regime theory climate change hazardous chemical controls perspectives of the developing world and the European Union s and United States international environmental policies All other chapters have been thoroughly revised and updated The book includes a useful chronology of global environmental policy and a list of acronyms to help students in critical reading review and study [The Global Studies Reader](#) Manfred B. Steger,2014 Ideal for undergraduate courses The Global Studies Reader Second Edition is an engaging accessible introduction that helps students better understand what constitutes the interdisciplinary field of Global Studies The premier scholar of globalization studies Manfred B Steger brings together twenty of the greatest hits of the field since it emerged in the 1980s carefully selecting and editing these influential pieces out of a vast repertoire of writing Manageable in length and price this Top 20 collection shows how globalization has evolved and how it serves as a backdrop to the current global economic crisis
