A Lie Too Big to Fail Lisa Pease, 2018-12-18 In *A Lie Too Big to Fail* longtime Kennedy researcher

of both JFK and RFK Lisa Pease lays out in meticulous detail how witnesses with evidence of conspiracy were silenced by the Los Angeles Police Department how evidence was deliberately altered and in some instances destroyed and how the justice system and the media failed to present the truth of the case to the public Pease reveals how the trial was essentially a sham and how the prosecution did not dare to follow where the evidence led A Lie Too Big to Fail asserts the idea that a government can never investigate itself in a crime of this magnitude Was the convicted Sirhan Sirhan a willing participant Or was he a mind controlled assassin It has fallen to independent researchers like Pease to lay out the evidence in a clear and concise manner allowing readers to form their theories about this event Pease places the history of this event in the context of the era and provides shocking overlaps between other high profile murders and attempted murders of the time Lisa Pease goes further than anyone else in proving who likely planned the assassination who the assassination team members were and why Kennedy was deemed such a threat that he had to be taken out before he became President of the United States Too Big to Jail Chris Blackhurst,2022-06-09 Packed with insights and details that will both amaze and appal you Oliver Bullough author of Moneyland and Butler to the World From journalist Chris Blackhurst Too Big to Jail unveils how HSBC facilitated mass money laundering schemes for brutal drug kingpins and rogue nations and thereby helped to grow one of the deadliest drugs empires the world has ever seen While HSBC likes to sell itself as the world s local bank the friendly face of corporate and personal finance it was one decade ago hit with a record US fine of 1.9 billion In pursuit of their goal of becoming the biggest bank in the world between 2003 and 2010 HSBC allowed El Chapo and the Sinaloa cartel one of the most notorious and murderous criminal organizations in the world to turn its ill gotten money into clean dollars How did a bank which boasts we re committed to helping protect the world s financial system on which millions of people depend by only doing business with customers who meet our high standards of transparency come to facilitate Mexico s richest drug baron And how did a bank that as recently as 2002 had been named one of the best run organizations in the world become so entwined with one of the most barbaric groups of gangsters on the planet Too Big to Jail is an extraordinary story brilliantly told by writer commentator and former editor of The Independent Chris Blackhurst that starts in Hong Kong and ranges across London Washington the Cayman Islands and Mexico where HSBC saw the opportunity to become the largest bank in the world and El Chapo seized the chance to fuel his murderous empire by laundering his drug proceeds through the bank It brings together an extraordinary cast of politicians bankers drug dealers FBI officers and whistle blowers and asks what price does greed have Whose job is it to police global finance And why did not a single person go to prison for facilitating the murderous expansion of a global drug empire Integrated Science to Achieve Sustainable Development Goals Beatriz Casais,2025-06-01 The book Integrated Science to achieve Sustainable Development Goals debates how different fields of study can confront or mitigate problems or contribute together to the development of society In brief it is a book about the interdisciplinarity of knowledge surrounding the topics in society that are involved in the world development agenda There is
