Austen, 2024-10-10 At a time when we have all lived through profound and unexpected disruptions to our shared spaces routines economies societies and work lives this book considers the nature and implications of rupture the commons and their conjoining Addressing rupture and disruption through the lens of literary and cultural studies this volume traverses genres film fiction theatre poetry and the graphic novel and continents and addresses histories and identities as ecologies The focus is resolutely contemporary with nearly all of the texts being analyzed produced within the last decade Beginning with the history of and debates about Garrett Hardin s famous tragedy of the commons *Ruptured Commons* engages with texts and cultures of disaster wherein artistic expression becomes a form of protest and a path to change This collection both critically examines our arrival at and understanding of this moment and explores diverse and hopeful visions for the future embedded within contemporary culture **La marchesa Irmina**
