Is Everyone Really Equal?

,2020 **Summary of Özlem Sensoy, Robin DiAngelo & James A. Banks's Is Everyone Really Equal?** Everest Media,2022-03-20T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 When we are confronted with evidence of inequality that challenges our identities we often respond with resistance We want to deflect this unsettling information and protect a worldview that is more familiar and comfortable 2 The courses you take to prepare you for social justice work should be challenging They should contain difficult theoretical concepts and highly charged political content all of which is absent in mainstream culture 3 The example above is not an opinion but a fact It is more likely that the student would be seen as having some academic challenges as somewhat immature and perhaps even disrespectful 4 The challenge of intellectual humility is that many students see social science content as soft science and therefore value laden and subjective They see the study of social inequality as a form of subjective scholarship and therefore dismiss it out of hand Reinventing Racism Jonathan D. Church,2020-12-03 The theory of white fragility is one of the most influential ideas to emerge in recent years on the topics of race racism and racial inequality White fragility is defined as an unwillingness on the part of white people to engage in the difficult conversations necessary to address racial inequality This fragility allegedly undermines the fight against racial inequality Despite its wide acclaim and rapid acceptance the theory of white fragility has received no serious and sustained scrutiny This book argues that the theory is flawed on numerous fronts The theory functions as a divisive rhetorical device to shut down debate It relies on the flawed premise of implicit bias It posits a faulty way of understanding racism It has serious methodological problems It conflates objectivity and neutrality It exploits narrative at the expense of facts It distorts many of the ideas upon which the theory relies This book also offers a more constructive way to think about Whiteness white privilege and white fragility pointing us to a more promising vision for addressing racial inequality Virtue in an Age of Identity Politics Jonathan D. Church,2022-05-11 Virtue in an Age of Identity Politics A Stoic Approach to Social Justice proffers Stoicism as a more constructive approach to social justice activism than Critical Social Justice the current core framework for social justice activism in the 21st century Critical Social Justice examines ideologies that underlie the stratification of society in ways that confer ongoing benefits to some groups at the expense of other groups and aims for a radical reshaping of prevailing institutions because they purportedly and irredeemably underlie a set of norms beliefs and attitudes which will continue to perpetuate social inequalities if we do not undertake efforts to rethink disrupt and restructure society Stoicism the ancient Greek and Roman philosophy is chosen specifically to help navigate the contentious discourse on systemic power and privilege which dominates the Critical Social Justice paradigm In emphasizing intent over impact as well as the distinction between the circumstances of our lives and the living of our lives the Stoic approach highlights the vital importance of reason and virtue in achieving a connection between the individualistic concern with cultivation of a good character and the collective concern with making the world a better place Confronting Injustice without Compromising Truth Study Guide Thaddeus J. Williams,2022-06-28 Enacting social

justice is essential to the Christian faith But the Bible s call to seek justice is not a call to superficial activism True justice requires biblical wisdom and communal discernment Maybe you re frustrated with a version of Christianity that doesn t seem to take justice seriously Perhaps you ve witnessed the rise of ideologies that brand themselves as social justice but you have a sense that something is off about them Maybe you have a hunch that God offers a better way to do justice than what s offered by the snarky memes on our news feeds In this 14 session video based study guide teacher and lecturer Thaddeus Williams furthers the case he made in his book taking study groups and individuals deeper into complex question of how to pursue a path of justice without compromising the truth of the gospel Participants will watch video segments DVD streaming video sold separately hear from a diverse range of experts interact in group discussions and answer personal reflection questions to discover what the Bible and the example of Jesus have to teach us about justice Williams confronts religious and political tribalism and challenges participants to discover a compelling vision of justice for all God s image bearers that offers hopeful answers to life s biggest questions and a way forward Sessions Include What is Social Justice The God Question The Imago Question The Idolatry Question The Collective Question The Splintering Question The Fruit Question The Disparity Question The Color Question The Gospel Question The Tunnel Vision Question The Suffering Question The Standpoint Question Conclusion

Seeing Whiteness Robin DiAngelo,2023 Long before the widespread success of the 2018 book *White Fragility Why It s So Hard For White People To Talk About Racism* Robin DiAngelo was breaking with white solidarity and writing speaking and teaching on the relationship among white supremacy structural racism and white identity In this volume DiAngelo has gathered a selection of her groundbreaking works leading up to *White Fragility* Speaking as a white person to her fellow white people she seamlessly blends the personal with the political The result is an engaging and provocative analysis of the sociopolitical forces of race that shape our lives Taking up familiar ideologies such as individualism and meritocracy she breaks down how these concepts function to protect and obscure structural racism Collectively these essays show how racism infuses our society and its institutions it is a system that goes well beyond individual intentions or conscious acts of meanness By changing the question from if we are part of systemic racism to how each of us play a part DiAngelo s body of work provides a transformative framework for white identity and antiracist action
