**Organizational commitment and employee performance. Factors that promote positive motivational behavior among the employees** Micah Effiong, 2020-02-14

Research Paper undergraduate from the year 2017 in the subject Leadership and Human Resources Leadership grade A course Business Administration language English abstract The purpose of this study is to examine the relationship between organizational commitment moral or affective commitment calculative or continuance commitment and normative commitment and job performance. The population of the study is made up of 300 academic and non-academic staff of Ritman University Ikot Ekpene Akwa Ibom State. The paper used purposive sampling for the selection of the respondents. Questionnaires were distributed to the respondents for statistical analysis. The study utilized linear correlation coefficient to analyze the data collected. The study revealed a number of findings including there is a significant correlation between organizational commitment and employee performance, there is a significant correlation between moral or affective commitment and job performance, there is a statistically significant correlation between continuance commitment and job performance. Based on the findings, some recommendations were made, most importantly Nigeria University should lay more emphasis on the provision of social responsibility to its workers, owners, society, and other stakeholders. Finally, the success or failure of any organization depends on its workforce. Adequate motivation and remuneration boost the employee moral to work harder towards achieving or accomplishing challenging tasks or goals.

Principles of External Business Environment Analyzability in an Organizational Context Abrantes, Bruno F., 2023-05-08

Principles of External Business Environment Analyzability in an Organizational Context by Bruno F. Abrantes is a groundbreaking work on the topic of business environmental analysis. BEA within strategic management. Abrantes provides a comprehensive overview of the evolution of management theory, narrowing the focus to organizational management and strategic management and delving into the intricacies of business environments. He introduces the tenets of philosophy of management and analyzability, exploring a wide range of analytical models and decision-making strategies and offering over 50 models applicable to BEAP, along with suggestions for an additional 50 models for decision-making and project management. This book is an essential resource for university and college students in business, economics, and marketing, particularly those taking a strategic management course. It provides a deep understanding of BEAP design and a critical sense for the philosophical questions behind analyzability in decision-making. Moreover, it is a valuable reference source for management consultants and strategists looking to expand their horizons beyond their department or consultancy company. Topics covered in the book include black
