DISCUSSION AND GUIDELINES

(a) Any two types of economic systems can be listed, for example, the free economic system and the planned economic system. This part of the question does not require any expansion or explanation.

(b) The characteristics or features of the economic systems listed can be used to show the differences between them.

Conjunctions such as whereas, on the other hand, while and however should be used to indicate your reference to the opposite feature for the other economic system. For example, in the free economy, most of the scarce resources are owned and allocated by private individuals and firms while in the planned economy, scarce resources are owned and allocated by the government.

The marks allotted for this part of the question would indicate that a minimum of two differences is required.
