Blueprint Myth Retelling Novel:

Literature and the Bible David Bevan,2023-12-18 *War, Nation and Europe in the Novels of Storm Jameson* Katherine Cooper,2020-04-16 The novels of Storm Jameson and their depictions of Britain's relationship to Europe around the Second World War represent a crucial departure from the work of her contemporaries As the first female President of English PEN Jameson led her country's wartime literary community through turbulent times in history by focusing on European rather than pointedly British experiences of war *War Nation and Europe in the Novels of Storm Jameson* is a timely critique situated within the historical and theoretical contexts so fundamental to understanding her work Presenting previously unpublished archival material that documents her work as an ambassador for British writers during a time of national upheaval Katherine Cooper reveals how the novelist's pacifism and evolving attitudes to war and peace were underpinned by her overarching vision for the post war world Drawing comparisons to the works of Virginia Woolf Arthur Koestler Graham Greene and others this study shows how Jameson's novels gesture towards prevalent internationalist perspectives and reshapes how we view the literary history of the period

Sameness and Repetition in Contemporary Media Culture Susana Tosca,2023-08-02 The ebook edition of this title is Open Access and freely available to read online Our culture has an uneasy relationship with repetition and sameness On the one hand we find familiarity pleasurable and soothing on the other we crave novelty and long for a sense of discovery We blame algorithms intent on selling us more of the same and on a media industry too greedy to risk investing in intellectually challenging radically new products *Sameness and Repetition in Contemporary Media Culture* takes a comprehensive approach that both theorises and historically grounds the idea of repetition in relation to media as something that is deeply embedded in our cultural tradition This project received funding from the Carlsberg Foundation **Writing South Africa** Derek Attridge,Rosemary Jolly,1998-01-22 During the final years of the apartheid era and the subsequent transition to

democracy South African literary writing caught the world's attention as never before. Writers responded to the changing political situation and its daily impact on the country's inhabitants with works that recorded or satirised state-enforced racism, explored the possibilities of resistance and rebuilding, and creatively addressed the vexed question of literature's relation to politics and ethics. *Writing South Africa* offers a window on the literary activity of this extraordinary period that conveys its range, going well beyond a handful of world-renowned names and its significance for anyone interested in the impact of decolonisation and democratisation on the cultural sphere. It brings together for the first time discussions by some of the most distinguished South African novelists, poets, and dramatists with those of leading commentators based in South Africa, Britain, and North America. *Publishers Weekly*, 1978 **Olderr's Fiction Index**, 1990 *C Magazine*, 1992 Forthcoming Books Rose Army, 2001 The Statesman, 1974 *Fantasy Review*, 1985 **The New York Times Index**, 2006 *The Publishers' Trade List Annual*, 1988 **Dictionary of Literary Themes and Motifs** Jean-Charles Seigneuret, 1988 This index is a veritable who's who of the greats of Western literature. The Board recommends it for every collection whose users conduct analytical studies of literature. *Reference Books Bulletin* The powerful hold that literature exercises is based primarily on recognition, the reader's ability to identify with others through shared human concerns that transcend time and cultural boundaries. These universal themes and how they have been treated in literature from the classical period to the present are the subject of the critical essays comprising this volume. A fascinating resource for students and general readers and an essential research tool for scholars in literature, it is the first thematic reference on this scale to be published in English. The dictionary consists of 143 essays contributed by 98 specialists in world literature. Topics covered include themes relating to adventure, family life, the supernatural, eroticism, status, humor, idealism, terror, and many other categories of human experience. Each entry begins with a definition and a sketch on the origin and historical background of the literary theme. The topical essay discusses the significance and occurrence of the theme in world literature and supplies information on geographical area, genre, style, and chronology. Entries conclude with a selected bibliography of scholarship in the area. A cross-index to themes and motifs will enable the reader to find information on secondary or related topics. Convenient to use and presented in a standardized format, this major new reference will be an important acquisition for libraries with collections in English, American, and world literature. U.S. Latino Literatures and Cultures Francisco A. Lomelí, Karin Ika, 2000 **Nottingham French Studies**, 2000 **Nottingham French Studies** Lewis G. M. Thorpe, 1999 *Resources in Education*, 1997 Myth Atlas Thiago de Moraes, 2019-01-15 Prepare to enter twelve magical mythological worlds full of an incredible array of gods, monsters, heroes, tricksters, and fantastical beasts. This atlas of mythology shows how twelve extraordinary cultures saw the world. For some, it was a giant tree or an upside-down mountain, while others believed they were living on the back of a giant turtle. Children will be fascinated as they travel the world and discover what cultures such as the Greeks, Egyptians, Hindus, Norse, Polynesian, Aztecs, and many more believed. **Custom and Myth** Andrew
