Islamic Egypt      **Coptic Christians and Muslims in Egypt** Fikry Andrawes, Alison Orr-Andrawes, 2018-12-11 For the most part of their shared history Copts and Muslims in Egypt have experienced bouts of sectarian tension alternating with peaceful coexistence Copts and Muslims in Egypt tells the story of Muslim Christian relations in Egypt from the coming of Islam to the aftermath of the January 2011 revolution It begins by describing how the Church of Alexandria came into existence and created a monastic tradition that would influence the whole of Christendom before exploring the theological controversies that plagued the Eastern Roman world before the advent of Islam After bouts of persecution by the Roman emperors the Copts were strongly opposed by the Melkite Church but with the Arab invasion of Egypt in the seventh century they achieved a measure of independence and individuality that they retained over the centuries The Copts were also subjected to periods of persecution by rulers from the Umayyad Abbasid and Fatimid dynasties and under the Mamluks but by and large a relatively satisfactory form of cohabitation was established The authors argue that even if they were occasionally attacked and persecuted the Copts generally shared the fortunes of their Muslim neighbors and that religious difference in Egypt was frequently exploited by rulers both internal and external for political gain Copts and Muslims in Egypt provides an engaging and highly readable account of communal relations through key points in Egyptian history

**Egypt's Identities in Conflict** Girgis Naiem, 2018-02-12 Egypt's lack of a common national identity is the basis for much of its internal conflict Coptic Christians have been particularly affected Once major contributors to Christian civilization their influence ended with the fifth century Council of Chalcedon and they endured persecution With the seventh century Arabization of Egypt Copts were given dhimma or protected persons status The 1919 Revolution granted them greater political participation but the 1952 Revolution ended liberal democracy and established a military regime that championed Arab identity Secular Egyptians rebelled against the Mubarak regime in 2011 yet his successor was the Muslim Brotherhood's Mohamed Morsi Egypt's first Islamist president In yet another revolution over national identity secular factions ousted Morsi in 2013 while in the chaos that followed the Copts suffered the brunt of violence      *Ancient Egypt and the East* William Matthew Flinders Petrie, 1920      **The Australian People** James Jupp, 2001-10 Australia is one of the most ethnically diverse societies in the world today From its ancient indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century the island continent is home to people from all over the globe Each new wave of settlers has had a profound impact on Australian society and culture The Australian People documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people It is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words Illustrated in colour and black and white the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation      ,      **The Journal of Egyptian Archaeology** , 1915      *Two Thousand Years of Coptic Christianity* Otto F.
