**Parliamentary Debates (Hansard).** Great Britain. Parliament. House of Commons,2013 Strategic Integrated Program Delivery Mark Betts,Peter E.D. Love,Derek H.T. Walker,2024-12-04 This book outlines a cutting edge form of program delivery which the authors term SIP Form or Strategic Integrated Program delivery Using the Melbourne Level Crossing Removal Program LXR P consisting of the removal of 85 dangerous level crossings throughout metropolitan Melbourne including rail station upgrades signalling and track work and other associated capital works as an exemplar the book sets out four features that the authors argue define the SIP form concept as follows The organisation delivers a program of projects many using an IPD contract variant form such as a Project Alliance Agreement PAA in Australia and numerous other countries or the Integrated Form of Agreement IFoA in North America The contract form adopted is used and has been strategically designed to accommodate the project s risk and uncertainty profile as is the case with the LXR P Projects within the program are integrated with some being concurrently delivered with coordination across the projects in a coherent and highly purposeful manner Projects are not included that do not strategically fit the overall program delivery strategy There is a strategy for learning and innovation diffusion across projects concurrently and sequentially Lessons to be learned are learned through designed in governance mechanisms The LXR P is a potentially unique program of projects and the book takes the reader on a journey through this complex program and after giving the background and relevant context covers topics such as strategy governance procurement collaboration program alliance HRM leadership digital innovation continuous improvement community engagement and performance measurement This detailed analysis of such a complex program of projects makes this book essential reading for project managers engineers and advanced students of project delivery and management BIM and Quantity Surveying Steve Pittard,Peter Sell,2017-07-14 The sudden arrival of Building Information Modelling BIM as a key part of the building industry is redefining the roles and working practices of its stakeholders Many clients designers contractors quantity surveyors and building managers are still finding their feet in an industry where BIM compliance can bring great rewards This guide is designed to help quantity surveying practitioners and students understand what BIM means for them and how they should prepare to work successfully on BIM compliant projects The case studies show how firms at the forefront of this technology have integrated core quantity surveying responsibilities like cost estimating tendering and development appraisal into high profile BIM projects In addition to this the implications for project management facilities management contract administration and dispute resolution are also explored through case studies making this a highly valuable guide for those in a range of construction project management roles Featuring a chapter describing how the role of the quantity surveyor is likely to permanently shift as a result of this development as well as descriptions of tools used this covers both the organisational and practical aspects of a crucial topic **The Civil Service Year Book** ,2004 *The Parliamentary Debates (Hansard).* Great Britain.
