

Old Testament Summary Chart

When I was first saved, one of the most instructive sessions in church that I had was a guest speaker who summarized the Old Testament for us in about 45 minutes. The general information which he gave is below, which I have expanded. I do not recall this person's name, but the overview was very helpful to me.

The Torah (the Law of Moses) + Job

Approximately 6000–1400 B.C.

Genesis

The book of beginnings: the earth, mankind, the Jews. Included are the seedlings of the most fundamental doctrines of the Bible. It is very difficult to study this book in detail and not come away with the conclusion that this is the Word of God. The entire book of Genesis takes place prior to Moses. At the end of the book, the family of Jacob moves to Egypt because of a famine. They will live in Egypt for about 400 years, which is the chronological gap between the end of Genesis and the beginning of Exodus.
