Highlighting legal questions arising from ways in which the broker's business is done, issues addressed in this book include potential legal liabilities as well as common negligence claims. The book also deals with the shipbroker's entitlement to commission and the problems associated with litigation in this area. It is suitable for ship owners, charterers, agents and marine consultants as well as brokers. **The Liability of Classification Societies** Nicolai I. Lagoni, 2007-06-29 Because the liability of ship owners is limited, classification societies have been considered as exempt from liability. In addition, it develops the fundamental aspects of an international convention on the limitation of the liability of classification societies. **Management, Finance and Industrial Relations in Maritime Industries** Simon Ville, David M. Williams, 2017-10-18 This volume seeks to explore the vast history of international maritime business focussing on themes of management, finance and labour. Each essay considers the economics
