However, in today's competitive world, you need to get the grammar right, especially in written English. Whether you write simple business emails or complicated academic papers, and whether you are a professional or a student, using the correct grammar will give you a competitive edge because it helps you get your message across more clearly and shows that you pay attention to detail. This book offers you a basic introduction to the grammar rules of English. This book focuses on the different parts of speech and shows you how to use English correctly. It is structured in the form of lessons, each ending with at least one short exercise to help you check your understanding of what you've learned in that lesson. At the end of the book, you'll find longer exercises mixing everything together. You can use this book not only to learn English grammar but also as a basic reference guide when you are unsure of how to structure a sentence and which words to use.
