**The Beatles** Jeremy Roberts,2011-01-01 Describes how the group began their success and influence the breakup of the group and their separate musical careers Meet the Beatles Steven D. Stark,2009-10-13 Rob Sheffield the Rolling Stone columnist and bestselling author of *Love Is a Mix Tape* offers an entertaining unconventional look at the most popular band in history the Beatles exploring what they mean today and why they still matter so intensely to a generation that has never known a world without them *Meet the Beatles* is not another biography of the Beatles or a song by song analysis of the best of John and Paul It isn't another exposé about how they broke up It isn't a history of their gigs or their gear It is a collection of essays telling the story of what this ubiquitous band means to a generation who grew up with the Beatles music on their parents' stereos and their faces on T-shirts What do the Beatles mean today Why are they more famous and beloved now than ever And why do they still matter so much to us nearly fifty years after they broke up As he did in his previous books *Love Is a Mix Tape* *Talking to Girls About Duran Duran* and *Turn Around Bright Eyes* Sheffield focuses on the emotional connections we make to music This time he focuses on the biggest pop culture phenomenon of all time The Beatles In his singular voice he explores what the Beatles mean today to fans who have learned to love them on their own terms and not just for the sake of nostalgia *Meet the Beatles* tells the story of how four lads from Liverpool became the world's biggest pop group then broke up but then somehow just kept getting bigger At this point their music doesn't belong to the past it belongs to right now This book is a celebration of that music showing why the Beatles remain the world's favorite thing and how they invented the future we're all living in today Tell Me Why Tim Riley,2002-05-30 A unique combination of musical analysis and cultural history *Tell Me Why* stands alone among Beatles books with its single-minded focus on the most important aspect of the band its music Riley offers a new deeper understanding of the Beatles by closely considering each song and album they recorded in an exploration as rigorous as it is soulful He tirelessly sifts through the Beatles discography making clear that the legendary four were more than mere teen idols They were brilliant innovators who mastered an extremely detailed art Since the first publication of *Tell Me Why* in 1988 much new primary source material has appeared Paul McCartney's authorized biography the Anthology CDs and videos the complete Parlophone sequenced albums on CD the Live at the BBC sessions and the global smash 1 Riley incorporates all the new material in an update that makes this a crucial book for Beatles fans *The Beatles as Musicians* Walter Everett,2001 This volume is a comprehensive chronologically ordered study of every aspect of the musical life of the Beatles composition performance recording and reception histories from the group's beginnings in 1956 through to 1965 *The Beatles* Hunter Davies,1996 The worldwide bestseller that defines the band that defined an era The Beatles' Second Album Dave Marsh,2007-10-30 A leading rock music critic offers a critical study of the Beatles' inventive second album which included such hits as *Roll Over Beethoven* *Long Tall Sally* and *You Really Got a Hold on Me* offering a provocative look at the music industry of the era in both Britain and the U.S. the

dynamics of the group and the seminal influence of this important album
