You are not turning this in, so you don't really need to write anything down.

These are the types of questions you will be asked. Work with a partner if you want. Consider this your test study guide.

**Note:** There are some trick questions below. I don't normally do trick questions on a test, but they illustrate common errors programmers make.

- 
1. There are two ways to do comments. Let's say you wanted to put your name, date, and project name at the top of your project. Write out both ways to do that using comments.
- 

2. What will print out to the screen with the following code?

```
System.out.print("UCLA");  
System.out.print("Bruins");
